VOL. 45. VICTORIA, B. C. SATURDAY, MAY 18, 1907. No. 64.

RECORD WORK ON NEW HATCHERIES

**Babine and Stuart Will Be in Operation For
This Season—Prompt Action By
Minister.**

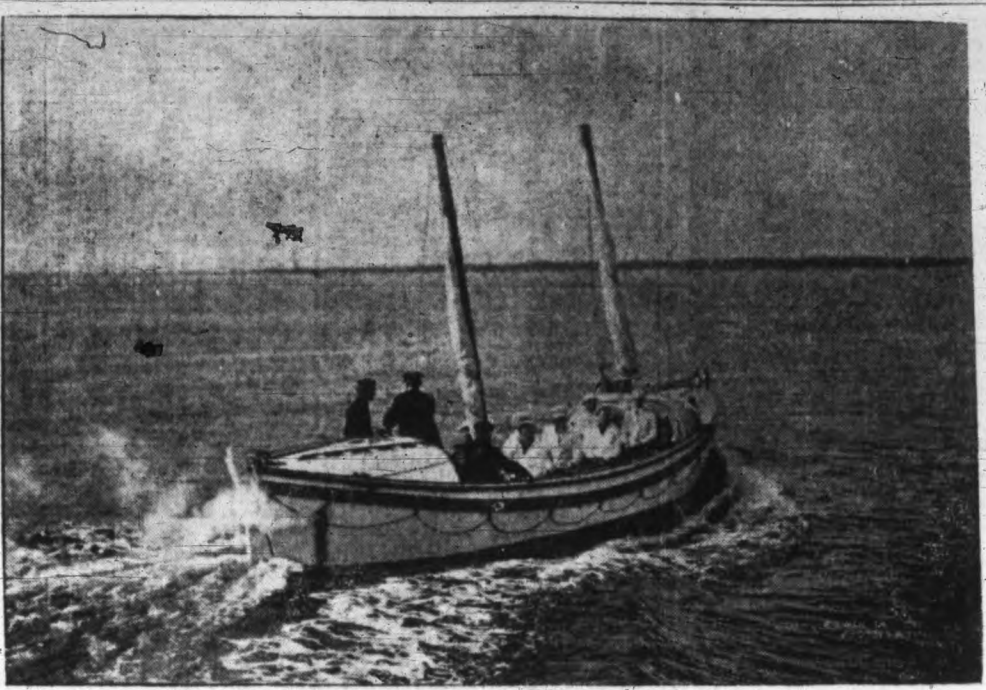

The methods of governments are notoriously tardy and circumspect, but the Department of Marine and Fisheries, under the temporary leadership of Hon. Wm. Templeman, gives an illustration of dispatch in connection with the erection of new fish hatcheries in this province, which private enterprise cannot outdo.

It is only a week or two since the decision was reached to erect hatcheries at Stuart and Babine lakes, and already the season is so far advanced that little hope was entertained that they would be available for this season. However, Hon. Mr. Templeman at once dispatched P. H. Cunningham, superintendent of fish culture for the Dominion, to this coast, accompanied by Engineer Russell of the same department, with instructions to rush work and have both hatcheries in shape to take care of this season's run of salmon.

Mr. Cunningham arrived here yesterday and so rapidly were arrangements perfected that last night provision had been made for the dispatch of messengers from Hazelton to the two lakes in question, which will initiate the preliminary work. As a result—in a few days some of the Indians here will be seen sawing the lumber for the interior fittings of the hatchery, while others will be getting out the logs of which the buildings will be erected. Engineer Russell will follow shortly with the construction gang.

Manager Thompson, of the Hudson's Bay Company, very heartily co-operated with Mr. Cunningham, enabling the latter to make record time, as outlined above.

The erection of the Babine hatchery has been intensively urged upon the department by Mr. Sloan, M. P., and it is a tribute to his zeal and to the promptness of the Minister in moving in the

MOTOR LIFEBOAT FOR WEST COAST.

The acting Minister of Marine and Fisheries, Mr. Templeman, arranged for the construction of a motor lifeboat to be stationed at Bamfield Creek, for use of the West Coast of Vancouver Island in the event of any wreck occurring on that exposed portion of the coast.

Col. Anderson, the chief engineer of the department, was sent to New York for a few weeks ago to look into the best description of boat to adopt for this service. The boat decided upon, after a most careful study of all types proposed and submitted for consideration, is practically the same as the latest model adopted by the United States life-saving service, after their long experience with sailing and motor lifeboats. She is a 40-h.p. motor lifeboat, 35 feet long with sharp bow and stern, built in the strongest possible manner of thickness of mahogany boards diagonally crossed. The space below the deck is divided by transverse and longitudinal bulkheads into eight watertight compartments, so that even if the boat is badly stove she would still float. To increase her buoyancy, air tanks are also fitted under seats running fore and aft on each side of the boat above the deck. There is a large air-tight compartment with a turtle-back top at each end of the boat, which make her absolutely self-righting. She is provided with water-channels so as to be self-bailing. It is therefore absolutely impossible either to sink the boat or to keep her upset. If she is filled by a sea she automatically rights herself of the water and there is no danger great that she cannot face it.

For propulsion she is equipped with a 40-h.p. gasoline motor protected by being placed in the stern air compartment. This motor is specially made by the Standard Motor Co., of New Jersey, and is a six-cylinder engine of the latest automobile design, combining lightness with simplicity and efficiency. It is necessary to place this in the after compartment to prevent interference with the operation of the engine in the event of the boat being swamped by heavy seas. This 40-h.p. engine is the most powerful yet supplied for lifeboat purposes and should drive the boat at a speed of twelve miles. A gasoline tank is placed forward in the bottom of the boat to give her stability, a small supply being pumped into an auxiliary tank under the low air compartment, whence the fuel is supplied by gravity through a tube outside the boat to the engine. Sufficient gasoline can be carried for the longest trip in the most severe weather.

In addition to her engines the boat is supplied with two masts of hollow wood fitted with lug sails, and to facilitate hoisting to windward the boat is equipped with a large centre-board. It may be noted that the centre-board, keel and all fittings about the boat are of bronze and copper to prevent any deterioration by salt water or electric action.

The boat is also equipped with ten oars and stowing sweep, so that she can be handled by the crew without using either motor or sails if necessary arises. Ordinarily the boat is steered by a rack and pinion gear attached to the rudder and carried into the well of the boat, but in the event of necessity for handling her beside a wreck in heavy seas the rudder can be tried up and she can be handled with the oars and steering sweep.

Before deciding to furnish a boat of this class the question was studied whether a larger boat would serve a better purpose, but it has been the common experience of the English, United States and Canadian Life Saving service that a life saving boat must be sufficiently light to admit of rapid handling and of approach to a wreck in shoal water; neither of which objects can be attained by an ordinary steamer of larger size and deeper draft. Our illustration is of a boat some 35 feet long, 10 feet wide, and 4 feet deep, with a 40-h.p. engine. The general character of the construction of the boat will be better appreciated when it is stated that it will cost, laid down at Victoria, between \$12,000 and \$15,000.

The boat will be delivered just as soon as it can be built, instructions having been given to press the work, which will take at least several months to complete.

NEW PRESIDENT OF THE CONFERENCE

**Rev. A. M. Sanford, of Vancouver, Succeeds Rev.
S. J. Thompson—Rev. A. E. Roberts Re-
Elected Secretary.**

(Special to the Times.)
Vernon, B. C., May 18.—The opening of the general session of the conference of the Methodist church of British Columbia yesterday was delayed, awaiting the arrival of the train with a number of lay delegates which reached the city about noon.

The first business when the session opened was the election of a president in succession to Rev. S. J. Thompson, who is completing a successful term.

Rev. A. M. Sanford, of Princess street church, Vancouver, was chosen as president, while Rev. A. E. Roberts, Victoria West, was re-elected secretary.

The ministers met in pastoral session yesterday morning. Among the noted men superannuating this year are: Rev. Dr. Whittington, for seven years chairman of the Indian missions, and Rev. Thos. Crosby, D.D., the most distinguished Indian missionary in the British Columbia Methodist church.

Many eulogistic things were said concerning Dr. Crosby's work.

Another minister retiring is Rev. D. B. Laidley, of Nanaimo, who retires through ill-health.

The missionary meeting on Thursday night was a most enthusiastic one. Rev. W. E. Peacock, Vancouver, gave a striking speech, generally surveying missionary progress and presenting a most optimistic outlook. His church at Vancouver has raised nearly \$6,000 for missions this year. Dr. James Allen, of Toronto, general secretary of missions, was present and gave an eloquent address.

The stationing committee has completed the first draft of stations, but nothing is let out until the draft is submitted to the conference. No changes are foreseen in the Victoria except James Bay, whose present pastor, Rev. W. E. Dunham, goes to college.

The special Okanagan number of the Methodist Recorder, published in Victoria, is much complimented, and Rev. J. P. Hicks is likely to receive fuller conference recognition as its editor and manager.

NEW CENTRAL BAPTIST CHURCH

**SERVICES TO OPEN
BY PASTOR TO-MORROW**

**Rev. Christopher Burnett Pleased
With the City of Victoria, His
Present Home.**

Rev. Christopher Burnett, late pastor of the Baptist Tabernacle, Winnipeg, will open his work here as pastor of the Central Baptist church on Sunday morning in the Knights of Pythias hall. On Thursday evening he met his congregation in a prayer service in the W. C. T. U. hall, and was very much pleased at the interest manifested and the earnestness of those present.

While willing to speak freely of conditions as he left them and as his limited acquaintance with Victoria permitted, Mr. Burnett was somewhat reserved about himself, preferring evidently to let deeds proclaim his worth. He is a graduate of Harley College, London. After finishing his education he sailed for America, where he first undertook the duties of pastor in a New York church. Here he remained five years. To him as well as to his congregation there were fruitful years. The addition of his congregation and the outcome of hard work, oneness of spirit and a deep spiritual life in the pastor himself.

This was followed by an equally successful pastorate in old St. John, one of the Baptist strongholds in the Maritime Provinces. This he left at the expiration of four years for the Baptist Tabernacle in Winnipeg. When he came there he found a congregation worshipping in a small frame building on the outskirts of the city. When he left they had just finished a splendid stone structure situated on the best site in North Winnipeg. But his health broke down in Winnipeg and he was forced to spend the month of February recuperating in a less rigorous climate.

Of strong personality Mr. Burnett has been. The face is indicative of strength of character, and firmness of purpose, although withal there is a certain kindness too. He brings to the service of his church a man who is as ready as he is benevolent. The Central Baptist church, strength of character, willingness to serve and an eloquence which should make his church a power for good in the city.

Personally he feels that the time is opportune for such a movement as is being inaugurated under his guidance. For the present services will be held in the W. C. T. U. hall on Sunday. As soon as circumstances warrant the congregation will build probably near the Metropolitan Methodist church, where they held a splendid site. This will not be for some months, however. At present there are in connection with the

church no auxiliary societies. These will be organized as occasion requires.

Mr. Burnett expressed himself as delighted with the picturesqueness of Victoria. The irregularity of her streets, the luxuriant foliage of the trees, the profusion of flowers all delighted him, the more especially that when he left Winnipeg they were yet digging the ice from the streets with a pick axe.

The nearness of the sea, the changing beauty of the hills and water-falls all appeal to him and he expects in addition to a successful pastorate to regain his youthful buoyancy and perfection of health.

Mrs. Burnett remains in Winnipeg for a short time. Mr. Burnett takes a great interest in young people. In former pastorates he was very successful in organizing them as an effective auxiliary in church work. Altogether the members of the Central Baptist church are to be congratulated on securing so able a man and the city is to be congratulated that there has come to their midst one who will be a power for good.

CHIPPEWA FOR VICTORIA RUN

**WILL BE READY
IN A MONTH'S TIME**

**Twenty Five Thousand Dollars in
Improvements—James McArthur
Appointed Agent Here.**

Definite information of the plans of the Alaska S. S. Company have come to hand, and it transpires that the Chippewa, the vessel which is to replace the Indianapolis on the Victoria-Seattle run, will not commence her sailings until probably another month has passed. The Chippewa is in Seattle at present, being converted into an oil-burner, and many other alterations will be made in the vessel, upon which a sum of \$25,000 will be spent before she commences her sailings between Victoria and the Sound.

James McArthur has been appointed to the position of freight and passenger agent for the Alaska S. S. Company in Victoria, and will occupy the offices which are now in course of construction on the new wharf at James Bay. Mr. McArthur is well known in the city, having been in the employment of the C. P. R. for the past ten years. He will take up his new duties immediately and will install himself in the new offices as soon as they are ready for occupation. Pending such time as the offices on the James Bay wharf are in the course of construction the Northern Pacific Railway Company and the Great Northern Railway Company will continue to act as agents for the Alaska S. S. Company.

Mr. McArthur states that the new

CHIPPEWA FOR VICTORIA RUN

**WILL BE READY
IN A MONTH'S TIME**

**Twenty Five Thousand Dollars in
Improvements—James McArthur
Appointed Agent Here.**

chippewa will be a great improvement on the Indianapolis. Not only has she more passenger accommodation but she will be able to travel at a higher speed. The Chippewa can do her ninety-mile run in about 12 hours, but it is unlikely that she will be driven at this speed on the Victoria-Seattle run. She will, however, do better time than the Indianapolis and will arrive at this port earlier each day. Her scheduled times of sailing are expected to be the same as those at present in force.

The new wharf, Mr. McArthur says, will be finished in about a week's time and the Indianapolis will berth there. Arrangements are pending between the Alaska S. S. Company and the Union S. S. Company by which the steamer Camosun, the vessel of the latter company on her fatal voyage, will berth at the new wharf. An arrangement is extremely likely to ensue between the two companies by means of which for the future the Camosun will come into the harbor and berth at the new wharf.

(Continued on page 8.)

LARGE MEXICAN LUMBER ORDER

**BRITISH COLUMBIA
UNABLE TO FILL IT**

**Captain Worsnop Tells of Some of
the Difficulties Encountered
in New Trade.**

It is early yet to speak of the measure of success which will attend the new enterprise known as the Canadian Mexican Pacific S. S. Company, but certain elements have arisen in connection with the project which have caused some heart-pains to the promoters of the scheme.

Prior to the sailing of the steamer Ontario on her fatal voyage the new line, an order was received from Mexican firms for a supply of lumber amounting to 15,000,000 feet. Different British Columbia firms were approached with a view to having this order filled. The freight rates, however, could not be arranged amicably, and finally the general manager of the steamship line told the Vancouver firms that he had this order and that they could place it amongst themselves as they thought best. This plan also failed, with the result that the major portion of the lumber which the Georgia carried on her initial voyage to Mexico came from the American side.

British Columbia merchants stated that it would be impossible for them to ship the lumber at the rates quoted, whereas on the other hand the United States merchants were eagerly bidding that they can get better prices by shipping to the coast, although it is recognized that the C. P. R. with its single line of railway, is unable to handle all the east-bound traffic of lumber. Such at least is the opinion of Captain Worsnop, the general manager of the steamship line.

Another phase of the new traffic is that the local merchants want immediate returns for their goods. The British Columbia lumber merchants, on the other hand, the merchants in Mexico are anxious for a period of credit extending over two months. Captain Worsnop states that he has been unable to see why this credit should be permitted. The Mexican firms are concerned of long standing and undoubtedly bona fide credentials. Many of the

WHALE HUNTING IS VERY SUCCESSFUL

**Eight Mammoths Lying at Sechart
Slip When Steamer Tees
Passed Down.**

Shortly after midnight the C. P. R. steamer Tees, Captain Townsend, coming from Clayoquot and way ports on the West coast of the island arrived in port. Both outward and inward bound the vessel experienced fine weather and had the best trip she has had during the present year.

Owing to the calm seas the whaling operations from Sechart have been very successful within the past few days. When the Tees passed down there were eight of the humpbacks lying at the slip. The hunting activity set in again on Monday last and on the morning of that day until Friday morning, no fewer than twenty-four of the mammals were captured. With the exception of one, these were all of the humpback species, the exception being a sulphur bottom.

The whalers engaged at Sechart have been very busy owing to the large numbers of the mammals towed to the slip. The cutting up process, owing to the huge size of the whales, occupies a considerable time, and in order to allow the men to effectively deal with the mammals, which have already been landed, the whaling office has ceased operations until Monday next. On Thursday the St. Lawrence broke her steam pipe and this has been brought

MAYOR SEEKS CHANGE IN LAW

**GOVERNING VOTING
ON MONEY BY-LAWS**

**Would Force Those Opposed to
Measure to Show it By
Majority Vote.**

Mayor Morley has a proposal to make before the City Council looking to an amendment to the statutes relative to voting on money by-laws. He holds the opinion that the voting on such by-laws at present proceeds on a wrong principle and favors a change.

Under the statutes as they exist at present a by-law involving the expenditure of money has to be submitted to the property owners and endorsed by a three-fifths vote of those who attend the polls. Under these conditions it is often difficult to get a sufficient vote to pass the by-law. Those in favor of it are apathetic and a small proportion of them vote. Those who are opposed to the expenditure are more ready to turn out and so the by-law is defeated.

Mayor Morley suggests an entire change in the principle. He favors making the procedure more after that adopted in connection with work done under the local improvement scheme where it is necessary in order to defeat the proposal that it shall be negated by a majority vote of those concerned.

Mayor Morley would throw upon those opposing a money by-law the onus of showing that it was not wanted.

The vote of the council elected by the people could be taken as proof that the by-law was required by the people unless at the polls a majority of those entitled to vote of such a by-law register their opposition to it.

This he thinks is the proper course to pursue. The decision of the elected council should not be interfered with unless it is shown that there are a majority of the property owners opposed to the scheme put forward.

This subject will likely come before the council in some shape in the near future, and if approved by the council will be argued upon the Legislature as an amendment to the statute.

ABDICATION OF MAYOR SCHMITZ

**MAYOR OF THE BAY
CITY IN NAME ONLY**

**Reported to Have Turned Over Reins
of Government to Committee
of Seven.**

San Francisco, May 17.—The Call today says:

"From this time forward Eugene Schmitz will be mayor of San Francisco in name only. He has relinquished the reins of government to a committee of seven, representing the five great commercial organizations of the city.

"Beginning with to-day the city will be in the hands of a committee of seven men whom the mayor selected to administer the city's affairs on the lines demanded by the public.

"The capitulation of the mayor is now complete. He has transferred in writing the authority tantamount to a power of attorney to E. B. Anderson, F. W. Doernum, Percy T. Morgan, F. W. Vansickle, Louis Rosenfeld, C. H. Bentley and Chas. W. Slack."

Ruef Before Grand Jury.

San Francisco, May 17.—Abe Ruef's confession came yesterday when he made good his declaration that he would, following his change of plea to guilty in the extortion case against him, the bribery statute evidence and assist in the grand jury prosecution in his campaign against municipal corruption.

Ruef, obeying a subpoena from the grand jury served upon him at the Alameda street prison house, went in the charge of Special Agent Burns, Ellison Rigby and another guard yesterday afternoon to the grand jury chamber in Native Sons hall, where he took the witness stand and submitted to an examination of just over 3 p.m.

"When the ordeal was over he called the newspaper men around him and said that he had promised the grand jury to divulge nothing.

District Attorney Langdon and Assistant District Attorney Heney refused to make any statement whatever.

From Special Agent Burns it was learned that the only matter in which Ruef was questioned was the alleged bribing of Mayor Schmitz and eighteen supervisors by the United Railroads to grant to that corporation a change in its franchise allowing the electrifying of its 250 miles of street railway system in this city.

"If Burns' understanding of Ruef's testimony is correct, the fallen boss told the grand jury that President Patrick Calhoun, Assistant President Thornwell Mulhally, Chief Counsel T. L. Ford and Assistant Counsel William A. Abbott of the United Railroads, paid or caused to be paid the sum of \$200,000 for the privilege named; that \$61,000 of this amount was Ruef's fee; that \$50,000 went into the pocket of Mayor Schmitz, and that the remaining \$89,000 was handed to the 18 supervisors, 16 of them receiving \$4,000 each, another demanding and getting \$10,000, and Chairman Gallagher, of the finance committee, being presented with \$15,000 for acting as go-between.

After the examination of Ruef was concluded the grand jury remained in executive session until 6:30 o'clock. Subsequently the statement was made, but not officially confirmed, that indictments had been voted against four high officials of the United Railroads and Schmitz, as predicted, by an officer of the prosecution two weeks ago.

METROPOLITAN METHODIST.
The pastor, Rev. C. K. B. Adams, will preach at 11 a. m. and 7 p. m. Morning subject, "Patriotism, the Coming 24th of May," evening, "Character, Speeches." Service under the direction of Hugh Keady. Classes, 10 a. m. Sunday school and Bible classes, 2.30 p. m. Spring Ridge Sunday school, 2.45 p. m. Every body welcome.

CENTENNIAL METHODIST.
Rev. W. Bolton will preach morning and evening at 11 and 7. Sunday school, 2.30 p. m. at 10 a. m. and after morning service. All are welcome.

ST. ANDREW'S PRESBYTERIAN.
Services will be held at 11 a. m. and 7 p. m. Sunday school, 2.30 p. m. Bible class, 2 p. m. Miller, of Nanaimo, will

be the preacher at both services. The music for the day follows:
Morning.
Voluntary—Reverie Meditation
Psalm
Anthem—From Egypt's Bondage Come
Hymns
Solo—There Is a Green Hill
Miss Jennie Bishop.
Voluntary—Marche Solennelle
Maitly

FIRST PRESBYTERIAN.
Rev. Mr. Dean will occupy the pulpit both morning and evening. Junior choir, 10 a. m. and 7 p. m. The choir will sing "The Advent-Motive," considered in the morning in its relation to personal holiness, in the evening in relation to world-wide evangelism. On Monday evening the R. T. P. U. topic will be "Some Remarkable Conversions." Strangers are assured of a hearty welcome. The service as follows:
Morning.
Hymns 208, 151 and 270
Choir Hymn—Fight the Good Fight
Early Dawn
Evening.
Hymns 41, 226 and 251
Choir Hymn—The Roseate, Hymns of
Early Dawn
EMMANUEL BAPTIST.
E. Le Roy Dalkin, pastor. Services at 11 a. m. and 7 p. m. The morning subject will be "The Sunday School and the Kingdom," and the program provided for "World's Sunday School Day" will be observed. The evening service will be preceded by the ordinance of baptism, the subject of the address afterwards being "Perseverance in Holiness." "Never Give Up," the popular hymn of the Gypsy Smith meetings, will be sung in the evening. All welcome.

CALVARY BAPTIST.
The pastor, Rev. Fred T. Tapeccott, M. A., will preach at 11 a. m. and 7 p. m. The morning subject will be "The Advent-Motive," considered in the morning in its relation to personal holiness, in the evening in relation to world-wide evangelism. On Monday evening the R. T. P. U. topic will be "Some Remarkable Conversions." Strangers are assured of a hearty welcome. The service as follows:
Morning.
Hymns 208, 151 and 270
Choir Hymn—Fight the Good Fight
Early Dawn
Evening.
Hymns 41, 226 and 251
Choir Hymn—The Roseate, Hymns of
Early Dawn
EMMANUEL BAPTIST.
E. Le Roy Dalkin, pastor. Services at 11 a. m. and 7 p. m. The morning subject will be "The Sunday School and the Kingdom," and the program provided for "World's Sunday School Day" will be observed. The evening service will be preceded by the ordinance of baptism, the subject of the address afterwards being "Perseverance in Holiness." "Never Give Up," the popular hymn of the Gypsy Smith meetings, will be sung in the evening. All welcome.

CENTRAL BAPTIST.
Rev. C. Burnett, pastor. Services will be held in K. of P. hall, corner of Douglas and Pandora streets, at 11 a. m. and 7 p. m. SPIRITUALISM.
Services will be conducted by Mr. and Mrs. Cobb, of Seattle, under the auspices of the Psychic Research Society, at Victoria hall, corner Blanchard and Pandora avenue, at 8 p. m. All are welcome.

LABOR HALL LECTURE.
Bible lecture in Labor hall, Douglas street, at 7 p. m. Mr. Watkinson will take for his subject, "Jehovah the City of the Great King." All welcome.

PEARY CONFIDENT.
Says He Will Reach the Pole—Changes in His Plans.
Boston, May 17.—Commander Robert E. Peary has decided upon some changes in his next attempt to reach the North Pole, according to an interview with the explorer published today.

"The main improvement over the last plan," said the explorer, "will be that I shall continue farther to the westward along the north Grant Land coast and then when I take to the ice I shall bear to the windward and thus offset the continuous drift to the east."
"I shall so arrange matters that there can be no recurrence of the unfortunate contingency that cost us the prize last year. There will be no separation of the parties this time as there was last, and I shall have the relay system so perfected that at that time, in any event, I can reload ample supplies and press forward with the pole party. For the rest there will be the dogs and the Eskimaux just as on the former expedition."
"This time I shall go with."
"Commander Peary said he thought the necessary \$100,000 to equip the expedition, half of which has already been subscribed, would be forthcoming soon."

He denied the reports that his wife would accompany him upon the next Polar expedition.

JEWELRY STORE LOOTED.
City of Mexico, May 15.—A band of robbers broke into the jewelry establishment known as La Aurora, in the district of the center, and carried away goods valued at \$25,000.

ROBBERY BY TERRORISTS.
Four Persons Killed and Nine Injured During Fight in Warsaw.
Warsaw, May 17.—A band of Terrorists held up the city office of the Vistula railroad on Dluga street at 10 o'clock this morning and got away with \$5,000 after a severe fight, in which four persons were killed and nine wounded.

The office was full of people at the time and soldiers were guarding the approaches, but the Terrorists attacked them with revolvers, killing two and injuring four of the guards before they reached the place where the money was kept.

Peterborough corporation, which has been growing several acres of celery, owing to some land being left on its hands, has this season cleared the handsome profit of \$1,000.

The London county council has in its various parks 20 swans, 30 geese (8 varieties), 62 ducks (18 varieties), and 1,500 fowls, at nine places are stocked with small birds of 27 varieties.

AT THE FOOT OF THE THRONE.

Just as some people were beginning to think something had happened to Premier McBride—that the "foot of the throne" had drawn back and administered to him a "swift kick" or something of that kind—Finance Minister Tatlow announces that he has received a cablegram saying that his chief is all right and that his business is proceeding satisfactorily. This information is sufficiently indefinite to arouse some degree of curiosity, because although we have sought diligently in the newspapers of Eastern Canada, which daily receive dispatches containing news of the doings of Canadian notables in the imperial capital and in the press of London, which is giving special prominence to the movements and actions of colonial visitors, we have been unable to find anything indicating that Premier McBride has been doing obeisance at the "foot of the throne" or interviewing the Colonial Secretary or any of the other Imperial Ministers with reference to the details of his mission. Of course we understand that there is a "good deal of strong red tape to break through in approaching the throne of Great Britain, and any of the avenues of communication which lead thereto, and we are willing to make allowances for such difficulties. At the same time we are bound to acknowledge the fact that Mr. McBride has been in London for more than a month now and he ought to be in a position to report with some degree of definiteness the progress he is making and the prospects of securing better terms for British Columbia. Surely it cannot be that the Premier finds himself completely outside of the circle of colonial lions, that he is being ignored entirely by the press, or that he is taking advantage of a unique opportunity to have a "good time" at the expense of the people of British Columbia. It will be remembered that there were scoffers in the province—"cynics" the supporters of the government would probably call them—who held that such was the real object of Mr. McBride's trip, that other members of the administration had gone to London on previous occasions, and had nothing to show in the matter of accomplishments save bills of considerable expense, and that the Premier was simply going to London because his turn had come, the question of lodging an appeal at the "foot of the throne" being merely a convenient excuse for the jaunt. It may be that our representative will come back a successful plenipotentiary and put all his critics to confusion, but notwithstanding, or rather because of, his cablegram to his colleague Mr. Tatlow, we have our doubts.

THE SCARCITY OF LABOR.

It appears that after all, notwithstanding such disabilities as the cost of transportation, British Columbia has received more immigrants than many of the provinces of the Dominion. This announcement dispels the charge that in the direction of the arrivals to profitable places of labor this province has been discriminated against by the Dominion authorities. The shortage of labor here, therefore, is due to the rapid development of our industries, a condition that is by its means to be improved. Ontario and the North-western provinces are not more attractive to the newcomers, but the representatives of these sections make greater

efforts to retain them after they arrive. The farmers and the government representatives of Ontario and of Manitoba go to the stations to meet the immigrants as they arrive in trains, and use all their powers of persuasion to convince them that there is no prospect of their improving their condition by going farther west. The result is only what might be expected. If the authorities here would take similar action, the consequences would undoubtedly be the diversion of an increasing number of immigrants to British Columbia, where the rates of remuneration are higher and the openings more numerous. The activity of the employers of the east simply bears out our contention, a contention emphasized by the statement of Sir William Mulock before the Canadian Club of Victoria, that the shortage of labor is not peculiar to British Columbia. It is felt in Ontario, in the prairie provinces, and in all sections of Canada which are making rapid progress. Nor is it a condition that is altogether to be deplored. It is very much more desirable to have a demand for labor exceeding the supply than the reverse. When the immigration goes forth to the world that the labor market in British Columbia or any other portion of Canada is overstocked, it will be an indication that the period of unexampled prosperity is at an end. When that time comes—and we sincerely hope it is far distant—employers as well as employees will feel the pinch of hard times. Does anyone in this province sincerely believe that a reversion to the old system under which this province was flooded by Chinese laborers would be an improvement upon present conditions? We do not, and we shall continue to advocate the maintenance of the barrier against the Orientals.

Victoria is not the only tourist resort in the world whose hoteliers have recently had trouble with their waiters. A press-dispatch says among the demands of the waiters who went out on strike in Paris recently were the right to wear a moustache, the obligation to be clean-shaven being represented as humiliating; the strict enforcement in their case of the weekly day of rest; and, most important of all, the retention in full of the tips which they receive from the customers. The waiters insisted that, as they receive no wages, this claim is just, and that it is unfair on the part of the employers to retain the present percentage. They declared that some of the proprietors take as much as 50 per cent. of the amount in the box in which the waiters are obliged to pool their receipts. They likewise protested against the payment of six cents per head in the case of a customer taking full meals. Before the division of the pooled tips, the proprietor deducts the price of certain articles, such as napkins, plates, silver, etc., lost or damaged, as well as a sum for the payment of apprentices amounting to 120 francs a month for each. The proprietors make a further reduction for a head waiter to every ten ordinary waiters, and a share for themselves. The waiters, who merely supply customers with beverages, pay 5 per cent. on the amount sold by them, besides having to supply at their own cost chalk for billiards, matches, tooth-picks and letter paper.

No wonder the United States is profiting in the creation of millionaires. According to the advance reports of the auditors of the Pennsylvania Capitol Investigating Commission, John H. Sanderson & Co. of Philadelphia, were paid \$17,254.40 for the furnishings of the house caucus room of the new capitol, and \$88,242.57 for the furnishings of the senate caucus room. The most expensive furnishings in these rooms were the posturms, for which Sanderson was paid \$30,748.50, and for which he paid \$2,900 to the sub-contractor who supplied them. The profits of Sanderson, who supplied all the furnishings in these rooms, are estimated by the auditors at 1,000 per cent. The state paid \$23,576.85 for the chandeliers in the senate caucus room and \$21,090 for those in the house caucus room. The chairs in these two rooms cost the state more than \$20,000 and the sofas over \$5,000. The auditors are preparing a statement showing in detail the cost of the furnishings of every room in the capitol.

We find that after all liberal allowance must be made for the apparent rashness of the man in the automobile. Sir Wilfrid Laurier, surely one of the most discreet of men, had to enter an appearance—not in person, we believe, before a London "bench" to answer to the charge of "scorching" in the streets of the metropolis. Of course the Canadian Premier was not at the wheel of the machine, which was placed at his disposal by the authorities, and equally of course he was not convicted. But if the chauffeur had been conveying an ordinary man he would have been fined. As it was, he was discharged with a caution. All of which proves that no person is quite responsible for his actions when the speed "bug" gets into his blood.

The heavy snowfall of the past winter, and the late spring which did not give the snow an opportunity to melt gradually, and the possibility of summer abruptly making its appearance, all involve the possibility of exceedingly high water in the Fraser river and big floods. Nature may take measures to avert such a calamity, but there is a grave danger of something serious happening this year to the farmers of the most prolific of British Columbia's valleys.

THE INTERVIEW WITH ORCHARD

STORM APPEARS TO HAVE SUBSIDED

It is Not Likely Any Action Will Be Taken—Haywood Jury Incomplete.

(Associated Press.)
Boise, Idaho, May 18.—With five peremptory challenges exhausted out of twenty, with thirty-two talesmen to be examined, eleven taken in the last waiting peremptory challenge, and one still under examination for cause, the case against Wm. D. Haywood, charged with the murder of former Governor Steunenberg, opens to-day with small prospects of a jury being completed before the end of next week.
The storm raised over the published interviews with Harry Orchard seems to have almost subsided. The public prosecutor, to whom was entrusted the investigation into the liability of the newspapers responsible for the interview, is expected to submit his report to the court this afternoon. Counsel on both sides are willing to admit that no possible cause for contempt proceedings against the newspapers is likely to be found. It is pointed out that in the first place an intent to prejudice jurors must be shown, and in the second place that the jurors examined at yesterday's session admitted they had not read papers, and if they had done so, they were not influenced by the report of the charges.

It is probable that the defence will reserve the opening address to the jurors until after all the evidence for the prosecution has been offered and the state case has been closed.

FRISCO'S GOVERNMENT COMMITTEE HAS WIDE POWERS

(Associated Press.)
San Francisco, May 18.—Notwithstanding the many contradictory stories told about the scope and power of the committee of seven, it is now generally conceded that administration of municipal affairs here is to some extent at least in its hands.
In a written agreement Mayor Schmitz has bound himself, it is said, to carry out any request which this committee may make of him. The committee already has begun an investigation into the police department, and will gradually extend the scope of its actions to the works board, street department and other branches of city government. Its purpose is to make a thorough inquiry into conditions that exist in various branches of the city government and to make such changes in personnel and methods as shall be judged necessary.
"We hold Schmitz's written promise to carry out the wishes and instructions of the committee in administering the affairs of the city," said F. W. Van Stiklen, a member of the committee of seven yesterday. "The committee's agreement with Mayor Schmitz is short, barely covering ten lines of writing, but it contains his sweeping promise to act absolutely and completely at the committee's dictum. Mayor Schmitz has not resigned. If we demand the removal of the chief of police or the commissioner or any official connected with the city government he must remove those whom we designate or go back on his written promise."

NEWS FROM COLWOOD.

The Development Association of District Active—Personal Mention.

"On Friday evening, the 10th inst., at the school house, Metcalf, the executive committee of the Colwood-Metcalf Development Association held its monthly meeting, at which much business was transacted. The most important was the report of the transportation committee, who stated that they had interviewed the railway concerning fares to and from Victoria to Langford, and that the railway company had granted their request for a lower rate, and also their request for changing the name of the station from Langford to Colwood. Henry Helgesen was elected vice-president of the association. C. Griffiths tendered his resignation as secretary owing to his near departure for the Yukon. W. Holstad, of Colwood, was elected secretary-treasurer in his place.
At a Farmer's Institute meeting held in Colwood hall last evening, Mr. Dohle gave an interesting lecture on fertilizers, to a small but appreciative audience.
Mr. and Mrs. De Mott of Colwood, left last week on a three months' visit to England.
Messrs. C. and W. Griffiths, of Colwood, leave on to-night's boat for White Horse. They expect to return in the fall.

A WINDSOR LADY'S APPEAL.

To all women: I will send free, with full instructions, my home treatment which positively cures Leucorrhoea, Ulceration, Displacements, Falling of the Womb, Painful or Irregular Periods, Uterine and Ovarian Tumors or growths, also Hot Flashes, Nervousness, Melancholy, Pains in the Head, Back or Bowels, Kidney and Bladder troubles where caused by weakness peculiar to our sex. You can continue treatment at home at a cost of only about 12 cents a week. My book, "Woman's Own Medical Adviser," also sent free on request. Write to-day. Address Mrs. M. Summers, Box 11, Windsor, Ont.

Erie railroad bonds worth \$116,740 and \$75 in blackened gold coins were found Thursday when the rusted tin box which Contractor B. W. Hollingsworth recently unearthed in the ruins of the century-old Ohio City Inn at 2211 Detroit avenue, Cleveland, and was forced open. The original owner of the treasure was Geo. C. Moran, who mysteriously disappeared in 1874. A heap of charred bones found several days before the box was dug up by Hollingsworth in a bricked-in fire place now seems to substantiate the theory then held that Moran was murdered.

Human skeletons were found under the floor by workmen in demolishing an Hospital Farm, which was used as an old house at Newport, Essex, known hospital in the time of King John.

How Champagne Is Made.

CHAPTER III.
Shortly after the wine is
bottled a fermentation takes
place, and the grapes being
grown on chalky soil, the fer-
mentation is sufficient to pro-
duce the effervescence in
champagne, thereby forming a
sediment which later on must
be removed. After the wine
has become ripe for consump-
tion, G. H. Mumm & Co. have
this done by placing the bot-
tles in racks and shaking each
bottle several times a day,
turning it a little and gradu-
ally standing it on its head so
that all sediment formed in
the bottle rests on the cork.
This operation requires from
four to six weeks and is per-
formed by skilled workmen
called "Remueurs."
After the sediment has set-
tled on the cork, the full
bottles, head down, are car-
ried on electric runways in
Mumm's cellars to the degor-
ger, who, holding the bottle
by the neck at a slight eleva-
tion, removes with pincers
the cork, which is ejected with
great force by the natural ef-
ferescence of the wine, carry-
ing the sediment with it. The
dosage is then added, the pro-
portions of which depend entire-
ly on the taste of the market
for which the wine is being
prepared. The bottles are then re-
corked and wired and are ready
to be capped and labelled for
export.

CITY NEWS IN BRIEF

—Flowers colored, Elite 43 Fort street.

—Senator Riley has moved into his
new residence on Oak Bay avenue and
is getting it put in order.

—The Victoria and New Westminster
Cricketer Club meet this afternoon at
the Royal City in the first scheduled
game of the season. The Oak Bay club
are holding a practice match this after-
noon at the Oak Bay grounds.

—Thomas O'Connell, the vigilant
special officer under the Dominion gov-
ernment who has in charge the main-
tenance of order among the Indians, is
spending a few days among the tribes
at Saanich.

—Owing to a defect in the construction
of a chimney at the home of M.
Steele, a fire occurred last night. The
central fire brigade was called out and
quickly brought it under control before
damage was done.

—Soon Lin, arrested in this city the
day before yesterday, was last night re-
turned to Vancouver in charge of De-
tective Walker, of that city, for an al-
leged theft of \$25.00 from a country-
man, Dock Wing.

—News has been received that Miss
Alma Clark, who recently won the Dr.
Torrington musical scholarship in To-
ronto, is not likely to recover from an
operation for appendicitis. Her father,
W. W. Clark, has been called to her
bedside.

—The Canadian Vacuum Cleaner Co.,
Limited, are now working in the Briard
hotel, and have booked orders from
the Balmoral, The Gordon and many
other hotels, clubs and private resi-
dences. Do not confuse ours with the
compressed air or other cleaning sys-
tems.

—The funeral of the late Mrs. Dora
Sanna took place from Hanna's un-
dertaking parlors at 2:30 p.m. yester-
day. Before interment a service was
held in Christ Church cathedral, at
which Rev. Canon Beaudouin officiated.
The following acted as pallbearers: A.
Lipsey, A. Lacombe, G. Bruggay, C.
Geiger, P. Bradley and G. Martin.

—To-morrow being Whit Sunday, the
collects at all the Anglican churches
will be given to the diocesan mission
fund. All the parishes in Victoria and
Nanaimo are self-supporting, but as-
sistance towards the stipends of the
clergy in the country districts has to
be given from this fund. Liberal of-
ferings are asked.

—Mr. and Mrs. Asa Gordon, the well
known evangelists and temperance
workers of Ottawa, expect soon to com-
mence a tour of the cities of British
Columbia. They have already been in-
vited to speak in Brandon, Portage la
Prairie and other towns of the middle
west. Mr. Gordon formerly practiced
law in Ottawa, but gave this up to en-
ter evangelistic work.

—Mr. and Mrs. Chas. Bell who were
on Saturday last united in marriage in
Vancouver by Rev. Summerscales. The
bride was formerly Miss Christina
Murray. The groom comes from Run-
corn, Cheshire, England. The cere-
mony took place at the home of the
bride's brother, Mr. Geo. Murray, 872
Burford street, Vancouver.

—The Bremen convention to be held
in Winnipeg on July 15th and 16th will,
according to Chas. Buchanan, of that
city, be one of the biggest gatherings
of the kind ever held in Canada. In-
vitations have been issued to all the
fire chiefs of the east. Delegates are
expected to be present from Victoria
and all other western towns and in-
cluding Fort William. A magnificent
display of the latest fire fighting ap-
paratus is being arranged for.

—A sure cure for the worst case of
dandruff, hair falling out; if faded will
return to its brightness; makes the hair
suffy and curly; bent hair grows
contains no dye or oil; used on blonde
or black hair. Gray Hair Elim., will
return gray hair to its natural color.
All Dr. H. B. F. Christian's French
hair preparations represented by Mrs.
Winch, 129 Cormorant street. All or-
ders by mail receive special attention.

ANNUAL MEETING OF

WOMAN'S AUXILIARY

Will Open in School Room of Christ

Church Cathedral on Monday

Evening.

The Woman's Auxiliary to Missions
will open Monday evening in the school-
room of Christ Church cathedral. This
will be the third annual meeting and
will be continued Tuesday when a
number of interesting papers will be
discussed. The complete programme
for the annual gathering is as follows:

Monday Evening.

Missionary meeting, Cathedral school-
room, at 8. Chairman, the Bishop.
Speakers, Rev. C. C. Owen, rector, Christ
church, Vancouver; Rev. Arthur E. Ber-
nays, chaplain to missions to seamen.
The cathedral choir will supply selections
of music.

Tuesday.

Christ Church Cathedral, 10 a. m.—Holy
communion, with sermon by Rev. A. Silva
White, rector of Nanaimo.

Morning session—Christ Church school-
room—11.15. Roll call; announcements;
minutes of last annual meeting; paper by
Miss Ard, "Home and Foreign Missions";
discussion, 12 noon, missionary inter-
est; paper by Miss Cross, "What Can
Non-Workers Do for the W. A.?" discus-
sion, 1 p. m., luncheon.

Afternoon session, 2 o'clock—Hymn No.
302 (A. & M.); president's address; reports
of diocesan officers; reports of secretaries
of branches; special business; address by
Mrs. C. C. Owen, hymn, "The Love of
Christ Constrains"; votes of thanks;
opening of the question box; concluding
address by the Bishop.

In the evening all members of the
Woman's Auxiliary are invited to a recep-
tion at Bishopsclose from 7 to 10
p. m.

—Just arrived, French flowers. The
Elite.

Down to the year 124 cricket was illegal
in England, and any person permitting it
to be played on his land was liable to be
fined \$20 and to suffer three years' im-
prisonment. In spite of these penalties
the first county match was played be-
tween Kent and Sussex at Sevenoaks in
1735.

—The reported taking of black bass
from Langford lake was referred to this
morning in conversation by Supt.
Cunningham, of the Dominion depart-
ment of fish culture.

"If this be true," he said, "the men
who thoughtlessly hooked the fish
could not have realized the labor and
trouble which was required to stock
the lake. I myself brought the original
stock out to the island, and I can as-
sure you that it was a most tedious
and difficult undertaking."

"It is too bad if these fish are being
taken before they have had a proper
opportunity to multiply in the waters
mentioned."

The suggestion has been made that
the Fish and Game Club might have
a few notices erected on the shores of
the lakes which are being restocked,
warning sportsmen not to fish for the
varieties in question until they have
become numerous enough to permit
this to be done without killing the
original stock.

—The funeral of the late Mrs. Dora
Sanna took place from Hanna's un-
dertaking parlors at 2:30 p.m. yester-
day. Before interment a service was
held in Christ Church cathedral, at
which Rev. Canon Beaudouin officiated.
The following acted as pallbearers: A.
Lipsey, A. Lacombe, G. Bruggay, C.
Geiger, P. Bradley and G. Martin.

—To-morrow being Whit Sunday, the
collects at all the Anglican churches
will be given to the diocesan mission
fund. All the parishes in Victoria and
Nanaimo are self-supporting, but as-
sistance towards the stipends of the
clergy in the country districts has to
be given from this fund. Liberal of-
ferings are asked.

—Mr. and Mrs. Asa Gordon, the well
known evangelists and temperance
workers of Ottawa, expect soon to com-
mence a tour of the cities of British
Columbia. They have already been in-
vited to speak in Brandon, Portage la
Prairie and other towns of the middle
west. Mr. Gordon formerly practiced
law in Ottawa, but gave this up to en-
ter evangelistic work.

—Mr. and Mrs. Chas. Bell who were
on Saturday last united in marriage in
Vancouver by Rev. Summerscales. The
bride was formerly Miss Christina
Murray. The groom comes from Run-
corn, Cheshire, England. The cere-
mony took place at the home of the
bride's brother, Mr. Geo. Murray, 872
Burford street, Vancouver.

—The Bremen convention to be held
in Winnipeg on July 15th and 16th will,
according to Chas. Buchanan, of that
city, be one of the biggest gatherings
of the kind ever held in Canada. In-
vitations have been issued to all the
fire chiefs of the east. Delegates are
expected to be present from Victoria
and all other western towns and in-
cluding Fort William. A magnificent
display of the latest fire fighting ap-
paratus is being arranged for.

—A sure cure for the worst case of
dandruff, hair falling out; if faded will
return to its brightness; makes the hair
suffy and curly; bent hair grows
contains no dye or oil; used on blonde
or black hair. Gray Hair Elim., will
return gray hair to its natural color.

SPORTING NEWS

ATHLETICS.

FIELD MEET.

The jumping events in connection with the annual school field sports are being pulled off at the High School grounds this afternoon. No admission will be charged and a large turnout of parents and friends of the youthful contestants is looked for.

The following are the entries for this afternoon's events:
Broad Jump, under 14—Central, Brewster, Clark; South Park—Laundy, Bendrodt; North Ward—Campbell; Collegiate school, Ross; University school, Rich, Rogers.

Broad Jump, under 16—Sub. High, Agnew; Central, Catteral; South Park, McKay, Prescott; North Ward, Hill; Collegiate school, Wilkinson; University school, Bowser, Booth.

Broad Jump, under 18—High school, Gowen, Thurburn, Johnson, McIntyre, Taylor, Green, Erb; Sub. High, Agnew, Lethbridge; University school, Winch.

High Jump, under 14—Sub. High, Brown, Central, Butler, Pike; South Park, Laundy, Alice; North Ward, June.

High Jump, under 16—High school, Erb; Sub. High, Paul, Fowler; Central, Catteral, Dickson; South Park, Prescott, Lawson; North Ward, Coates; Collegiate school, Wilkinson.

High Jump, open—High school, Eberts, Gowen, McIntyre, Green, Thurburn, Johnson, Erb, Taylor; University school, Pearce.

NEW MEMBERS.

The following were elected members of the James Bay Athletic Association at the last meeting of the committee of management: David Frame, J. Findlay, J. G. Brown, E. L. Gleason, T. Fletcher, John A. Blodgett. The committee decided to extend the time for free entrance for new members to May 21st, 1907.

THE OAR.

OFFICIALS FOR REGATTA.

The officials for the Regatta to be held on May 24th have all been decided upon. The committee have succeeded in securing the Gorge boat house for the exclusive privilege of the judges and officials. Work has been received from the University of Washington that they are sending a crew for the big event of the day, the race for the senior championship of the province so that now three entries are assured, Seattle, Washington, and James Bay. The local big four are in line and expect to do great things.

Another great feature will be the junior four-oared race between the Vancouver and J.B.A. crews. The following is the complete list of officials for the day.

Referee—Capt. J. W. Troup.
Judges—Capt. J. G. Cox, Capt. Gaudin, George Jay.

Starter—D. O'Sullivan.
Co-starter—A. J. Dallin.

Committee—C. E. Redford, chairman, H. D. Helmsken, A. J. Dallin, D. O'Sullivan, J. McTavish, Rev. W. R. Allen, F. W. Thomas, W. T. Andrews, T. A. Ker, V. A. Wolfenden, Phil Austin, J. C. Bridgman.

Clerks of the Course—A. J. Dallin, U. C. Moresby, F. W. Thomas.

Starter of Indian Canoe Races—Chief Michael Cooper.

YACHTING.

TO REVIVE INTEREST.

In connection with the effort to revive the old pastime of yachting, once so popular in Victoria, Commodore Gibb is sending circular letters to all the old members of the club and to all interested in yachting and motor-boating in the city. An effort will be made to get these together in the very near future to discuss the situation and decide what steps ought to be taken.

ENTRIES FOR OCEAN RACE.

The entries for the Ocean Yacht race from Vancouver on Thursday the 23rd that, closed at noon today, with that of C. B. Jelen, secretary of the Vancouver Yacht Club, under whose auspices the race is held. Five well known local yachts will start on this race, which is the largest ever held in British Columbia waters. The prizes for the event, three handsome cups, are donated by A. G. Thymie, vice commodore of the Vancouver Yacht Club.

The first intention was to confine the race to cruisers but as this decision did not meet with general approval, the conditions were altered to allow racing yachts also to compete. The following are the entries.

Auxiliary yawl Minerva, Capt. P. N. Thompson; auxiliary yawl Four Winds, Capt. J. E. Macrae; cutter Maori, Capt. Alex. Grant of Texada Island; sloop Wildswake, Capt. E. B. Deane; sloop Verona, Capt. C. O. Jullen.

A meeting of the sailing committee of the Vancouver Yacht Club is to decide the time of starting and also the

OPPORTUNITIES for making money come to nearly every one sooner or later—only those with available funds at their command can act. Put a few dollars into our Savings Bank every week and you will be ready when your opportunity arrives.

Our Savings Bank is open every day during business hours.
THE IMPERIAL BANK,
Cor. Government and Yates Sts.
J. S. GIBB, Mgr. Victoria Branch.

condition to govern the race. In all probability the race will commence at 5 p. m. on Thursday in the afternoon. The yachts to get well out of English Bay before dark. They are expected to finish the following Sunday.

BASEBALL.

WILSON RELEASED.

James W. Evans, manager of the Vancouver Baseball Club, has released Park Wilson, who has been acting as manager and captain of the team, Charles McIntyre who arrived a few days ago to take third base will take Wilson's place as captain of the team.

GAMES NEXT WEEK.

At Oak Bay park, Everett and Ballard teams will give two exhibitions of baseball, one on Monday of May 20th at 11 a. m. and another at 3 p. m. May 25th. An idea of the class of baseball played by these teams can be gained by comparison and past records. Ballard has lost but one game this season and Everett but one game, Everett lost to Snohomish, which had the combined strength of Monroe and their team and Ballard lost to Everett May 12th in 13 innings at Everett by 4 to 1; by this it will be seen that high class ball is on tap by these teams.

Wilson, who is well known in Victoria will catch for Everett and Hein who is an association football player known to many sports in Victoria will catch for Ballard. Boyle and Woodworth will pitch for Ballard, while Kinnear and Blackburn will pitch for Everett. Blackburn is a Victoria product and has a reputation in ball. Mullin, the first baseman for Ballard, is a High school boy with an enviable record in amateur athletics, and the whole team is composed of the best amateurs in the city.

Manager N. E. Evans of the Everett team has gathered a fine lot of amateurs and it will be nip and tuck to see who will lead at the season's end.

NORTHWESTERN LEAGUE.

The following is the standing of the clubs in the Northwestern League:

Club	Won	Lost	P.C.
Aberdeen	16	5	.76
Seattle	15	7	.68
Tacoma	13	9	.59
Spokane	10	11	.47
Butte	8	14	.36
Vancouver	2	18	.10

THE RING.

SQUIRES-BURNS FIGHT.

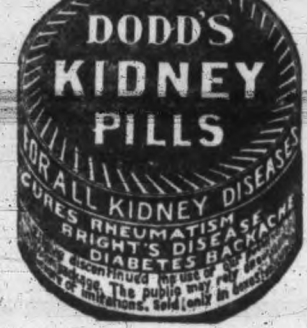

Manager Coffey, of San Francisco, has changed the date of the Burns-Squires fight from May 28th to July 4th. Jim Jeffries has been agreed upon as the referee for the big fight, and the San Francisco fight fans look upon this as an indication that the fight will be on the square, for Jeff has never been mixed up in any queer deals. His presence as the third man in the ring will have a great effect on the attendance. The fight may be to twenty-five rounds, but that point has not yet been definitely decided.

THE NEW GRAND.

Interesting Programme of the Week Will Close To-night.

The present week's bill at the New Grand will close with two performances to-night. Capt. Henry's denunciation on wireless telegraphy have been particularly interesting and instructive, and have tended, with the other good items on the programme, to make a most pleasing entertainment. The other items are Harry Becker & Co. in "The Walking Delegate," John Delmore and Emily Darrell "A Study in Black and White," Earl and Wilson in the novel musical comedy "Fodder Hill," Geo. F. Keene in the illustrated song "Why Don't You Try," and a good set of moving pictures. Crowded houses have been the rule every night, and the closing performances this evening will further be to the capacity of the theatre.

For next week the feature act will be Lutz Brothers, armless wonders, musicians and rifle experts. They have an act that is worthy of the place of honor on any bill. Lutz Brothers played an engagement in the city nearly a year ago, and made a great hit then with their wonderful feats. Clarence Lutz, one of the brothers, without arms, yet the things he does with his nimble feet and toes are almost beyond belief. As a sharpshooter he has but few equals, "manipulating the rifle in a graceful manner, entirely without arms, and loading without assistance." He plays the trombone and violin in duets with his brother with the same ease that he accomplishes his other feats. Other numbers on the bill will be Mr. and Mrs. Suickard, in a unique and artistic comedy singing act; Tom Gillen, "Finigan's Friend"; Wm. Cartwright & Co., comedy sketch; Miss Cora Benson, novelty monologues; Geo. F. Keene, in the illustrated song "The Chapel in the Pine"; new moving pictures entitled "Fun in a Photo Gallery," and Prof. Nagel's orchestra in the overture "For All Eternity," the concert solo being played by W. North.

VICTORIA EXHIBIT FOR WINNIPEG SHOW

Arrangements Made to Get Together Good Display—R. M. Palmer's Advice to Committee.

The executive committee appointed by the Development and Tourist Association to arrange for the exhibit of local fruits, flowers and shrubs at the coming Winnipeg exhibition, held a meeting in the association's rooms yesterday, at which the matter was thoroughly discussed and a small committee appointed to make the necessary arrangements.

R. M. Palmer, of the provincial bureau of information and immigration, was present by invitation and contributed some valuable advice and information. He said he was heartily in sympathy with the idea of a comprehensive exhibit from Victoria, as planned. He took exception to criticisms of the department which had been made concerning the provincial exhibits. It was claimed by some that they were not representative of Victoria, but he produced statistics to show that to one exhibition Victoria contributed half of the fruit shown, while on another occasion a large proportion of the fruit was from this district. The reason that Okanagan fruit had received so much favorable notice at the exhibitions was that the dealers and fruit-growers of that district had so liberally advertised that portion of the province that the term "British Columbia" fruit and Okanagan fruit had become, to many, synonymous.

The executive committee appointed to make all actual preparations and to conduct the exhibit, consists of H. Culbert, who will have charge of all the business details and will act in the capacity of secretary; W. Martin, who will collect the fruit and arrange preliminaries, afterwards taking charge of the exhibit in Winnipeg; A. Olsen, the well-known florist, who will have charge of the shrubbery exhibit; and Mr. Wallace, in whose hands the floral display will be placed.

During the fruiting season the orchards will be visited and the fruit canned on the spot, and shipments will be obtained from the best shippers. It will be impossible, on account of the lateness of the season, to get the fruit for exhibition, but this difficulty will be overcome by showing cut shrubs and flowers, keeping the exhibit replenished by frequent shipments. Mr. Palmer advised the committee to keep the fruit on exhibition long enough for it to lose its freshness.

WHY SPRING BRINGS WEAKNESS

WINTER WEAKENS THE SYSTEM AND ALLOWS DISEASE GERMS TO ENTER.

Great epidemics, such as fevers, infectious skin diseases and pestilence break out in the spring.

Winter shuts out fresh air from many homes, and only a few get even a little sunshine. The blood naturally grows thin, colorless and diseased, we tire easily, sleep poorly and have headaches. In this condition we are easy prey to sickness and fill the hospitals and graveyards.

You must create resistance and strength. The blood must be purified, must be given power to expel the seeds of spring fever.

Ferrozene is the only remedy; it calls back vim and energy, fills the body with vitality, makes every fibre sing with new found life and health.

That growing weakness leaves you—Ferrozene drives it away. Sleepless nights are turned into periods of rest, and you pick up fast. Day by day your appetite improves—this means more food is transformed into nutriment that will build and energize weak organs. The inclination to worry passes away because Ferrozene imparts nerve-tone and bodily strength that prevents depression.

Think it over—Ferrozene is a wonderful tonic. In fact it is more because it establishes health that lasts. Thousands use it in the spring and thereby cleanse and restore the entire system to a perfect condition. You'll feel the uplifting power of Ferrozene in a week—it's bound to help you if you only give it a chance. Sold by all dealers, in a box or six boxes for \$2.50; be sure of the name FERROZONE.

ACCEPTED-BRIDES.

Members of Board of Guardians and Workhouse and Infirmary Officials Convicted.

London, May 17.—With a single exception the members of the West Ham Board of Guardians and the workhouse and infirmary officials, whose trial began at the central criminal court on April 24th, on the charge of receiving bribes, were found guilty and sentenced to prison. In summing up Justice Jelf characterized the practices disclosed in the evidence as being a curse to the country. He added that he was afraid it was a growing curse, and that the people were losing their hold on all that was best in civic life of the country.

GREAT DIFFERENCE IN CORN CURES.

Many are destructive to the flesh and dangerous to use, but the old reliable Putnam's Corn Extractor removes Corns, Warts and Bunions without pain in 24 hours. No pain, no failure. "Putnam's" cures.

JUMPED OVERBOARD.

George Platt Committed Suicide While On Way to Vancouver.

George Platt, a passenger on the steamer Comox, jumped overboard as the steamer was leaving Vancouver Bay on Wednesday morning. The man dived down into the water and was seen no more, though the Comox waited round for hours trying to locate the body. Platt had been working for about ten days at McBae's lumber camp at Scotch Fir Point, but the foreman of the camp dismissed him and sent him back to Vancouver. On the way down he acted strangely and exhibited symptoms of mental weakness.

Some Superb new styles in Semi-Ready Suits for the summer season arrived yesterday by express, and we are desirous of having the gentlemen of Victoria see them as soon as possible.

Some at \$15—Others as good as \$20, \$25 and \$30.

B. WILLIAMS & CO.

SEMI-READY TAILORING.

THE VICTORIA THEATRE.

Sensational Play Will Be Produced on Monday Evening.

"Wilfrid Roger, described by the San Francisco Chronicle as 'the actor who is different,' is the star in the White tragedy 'Salome,' which will have its initial production in this city at the Victoria theatre on Monday evening, May 20th. The star has a unique personality, a striking face and figure, and if the San Francisco papers have told the truth, he has a future that implies much more than mediocrity. The tragedy of 'Salome' has been talked of so much of late that nearly all theatregoers have heard it. The company which comes here with Mr. Roger is the one which gave the first dramatic production of the tragic Englishman's masterpiece, and the second to date has been nothing but a series of successes.

"Salome" is of the semi-classic style; the lines have all of the beauty and aesthetic qualities found in the other works of the author, together with the sensationalism of Sappho and Cleopatra. Elizabeth Stuart, who plays the title role is a young California woman of classic figure, who comes from a family of thespians. The press has been unanimous in her praise as well as that of Mr. Roger.

Falling Hair

Whatever you may do for falling hair is your business to do it at once; it is never at a standstill. You may think it no harm to put off treatment to next week, or next month, or next season, but you should not forget that in any of those intervals the limit of curability may be extended to a dangerous point. If a slow fire were burning your dwelling, you would put it out on sight, without waiting for a violent blaze. When your hair commences to fall out you cannot afford in any way to delay treatment.

Janes' Hair Restorer

Will positively check falling hair, remove dandruff, soothe and soothe, destroy hair parasites, soothe irritated, itching surfaces, stimulate the hair follicles, loosen the scalp skin, supply the roots with energy and nourishment, and make the hair grow upon a sweet, wholesome, healthy scalp, when all else fails. FOR SALE AND GUARANTEED BY ALL LEADING DRUGGISTS.

PREPARING FOR TRADE.

Goldstream Hotel Being Fixed Up for Accommodation of Visitors.

The Goldstream hotel which has always been a favorite resort for visitors, promises this season to enjoy unusual prosperity. The new proprietors, Shore and Irving, late of Brandon, are experienced hotel men and are making extensive improvements with a view to attracting a high class trade. The hotel itself is being renovated with new carpets, linoleums, etc. and the kitchen is being placed in charge of a good chef, cooking excellent service here as elsewhere in the hotel. The bar is also being stocked with the best brands both of claret and liquors. The delightful grounds, surrounding the hotel are being laid out in tennis and croquet lawns, while the picnic grounds are being fitted up for the accommodation of the thousands which visit Goldstream during the summer.

WASHINGTON,
OREGON AND IDAHO
PUBLICITY.

Forty thousand dollars will be raised this year by the publicity committee of the Spokane Chamber of Commerce to further the work of exploiting the resources and opportunities of the Inland Empire, writes Graham B. Dennis, chairman of the committee. The fund will be raised by subscription from local business men and public-spirited citizens, as it was last year. The campaign will begin in a few days. I do not anticipate any difficulty in securing the amount named, as the people appreciate the far-reaching results the work accomplished during the last twelve months. When it is understood that the press bureau reached the foremost metropolitan newspapers and class journals of the country, with a combined circulation of more than 20,000,000, or nearly 17,000,000 a month, the scope of the work will be better appreciated.

I may add that in the last three months the combined circulation reached the 150,000,000 mark, which, multiplied by five, the average number of readers, shows that the publicity committee brought the Inland Empire before the attention of 750,000,000 persons, or about 1,000,000,000 readers, since the beginning of the work a year ago last month.

A fund of \$100,000 to be expended in the exploitation of Tacoma is the plan of the executive committee of the Boosters' Club. It has elected a committee of five to secure the co-operation of the Chamber of Commerce and the Tacoma Real Estate Association in devising means by which this money can be secured. The Boosters are enthusiastic in advertising the importance of advertising Tacoma. W. H. Miller expressed the sentiment of all when he said that there never has been a time in the city's history when the judicious advertising would bring the results in increased population that it will bring to-day. The advertising committee of the

CHIPPEWA FOR
VICTORIA RUN

(Continued from page 1.)

But the building of the new wharf and the substitution of the Chipewa for the Indianapolis are not the only signs of enterprise which the Alaska S. S. Company is showing in connection with its trade between British Columbia and Sound ports. It is now definitely announced that the Iroquois will be placed on the Seattle-Bellingham-Vancouver route and the company is hopeful that large traffic will follow its new venture. The conversion of the Iroquois into an oil burner, which is now in process at Seattle, will be finished in a week's time, and shortly subsequent to that she will be placed on the run. It was thought at first that she would be ready to sail at the same time as the Princess Victoria, but the fact that the Princess will make the first sailing on Tuesday this is not possible.

The C. P. R., which company under the Canadian mail contract had a subsidy with the government for carrying the mails between Victoria and Port Townsend, has now turned over this subsidy to the Alaska S. S. Company. The Indianapolis is carrying the mails between this port and the Key City, and when the Chipewa enters on the route she will do the same.

Owing to the competition between the C. P. R. and the Alaska S. S. Company it was at one time thought that the latter company would have reduced the fares between this port and Seattle. Had the original schedule drawn up for the Princess Victoria been put into force, when she would have been in direct competition with the Alaska S. S. Company's vessel, it is highly probable that this would have been done. No change will be made, however, as the Princess is sailing on a schedule

PERSONAL.

Mr. and Mrs. J. D. Reid, of "Glenora," Metochin, are at present on their way to Scotland, where they will visit their relatives. They left on the Vancouver boat on Wednesday and will travel through to Great Britain via the C. P. R. On their return they intend to visit several of the most interesting towns in the East and also to tour the Kootenays. In their absence "Glenora" will be occupied by Thomas Reid, recently of Lampon street.

R. H. McBride, of Arran, Scotland, a partner in the firm of Donaldson & Co., steamship owners, left last evening for Vancouver after spending a few days in this city. Mr. McBride expressed a belief that during the next few years there would be a large influx of Scotch and English people into Victoria. He was loud in his praises of the local climatic conditions.

D. C. Reid, assistant manager of the National Finance Co., Ltd., is on charge at Victoria, leaves to-morrow night for the East on an extended business trip in the interests of his company. Mr. Reid goes direct to Winnipeg and from there will visit all the important centres throughout Manitoba and Eastern Canada.

Stewart Tupper, of Winnipeg, who, in company with Mrs. Tupper, has been staying at the Oak Bay Hotel, will leave shortly for home. Mrs. Tupper spent the winter in California, and on the way back to Winnipeg a "stop" was made in Victoria, which has proved very fascinating to Mr. and Mrs. Tupper.

W. M. Brewer is in Alaska on business connected with the Tyee Mining and Smelting Company, of which he is purchasing agent. Mr. Brewer arrived in White Horse on May 14th and left a few days later for Ketikan, Alaska, where he will remain until August.

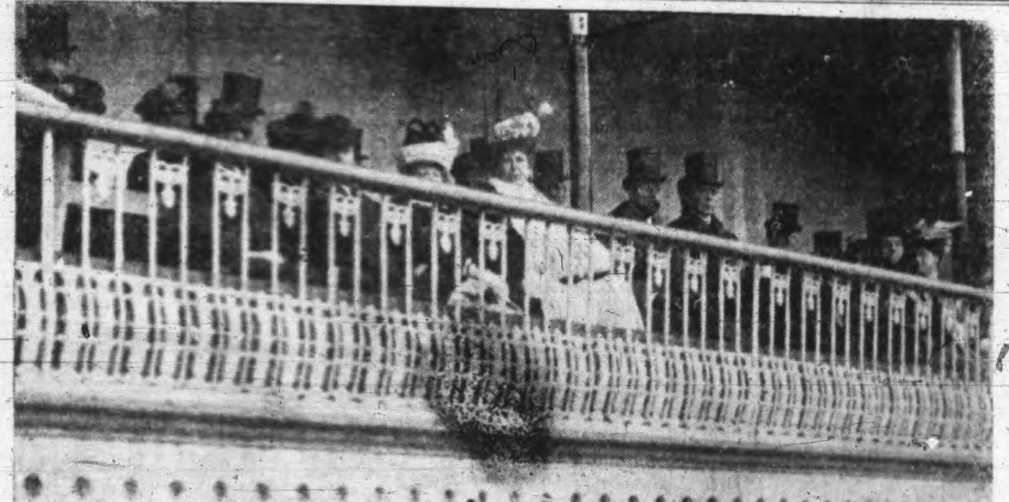

A. A. Crowston, of Vancouver, who is a frequent visitor to Victoria in connection with his brokerage business, is in the city to-day. He will leave again this evening for the Mainland.

Mrs. P. F. Scharsmidt, accompanied by her sister, Mrs. Butler, and Guy Scharsmidt, have returned to Skagway.

Hon. R. G. Tallow, acting Premier, has returned from the Mainland.

Sheriff Armstrong, of New Westminster, is at the Dominion.

Shoes have been made "right" and "left" at present for more than 2,000 years. The Romans had a superstition against putting on the left shoe before the right.

SPORT LOVING PRINCES.

The Prince of Wales and Sir Wilfrid Laurier Are Shown Near Centre of Picture.

The little Prince, Prince David and Prince Albert of Wales, with their sister, Princess Victoria, were among the 6,000 spectators of the hard-fought increase match between Canada and the Duke of Argyll's English team at Lord's a few weeks ago. They arrived soon after the start with the Prince and Princess of Wales, and took their seats in the front row of the balcony of the pavilion. Within a few minutes both boys, who are typically English in their boy of games, were engaged in the match.

Prince David, as befitting an older

brother, explained to Prince Albert and Princess Victoria how lacrosse was played, and soon the three were excitedly interested in the match. Presently one of the Canadians came running towards the English goal. Both boys jumped from their seats, and leaned over the balcony, eagerly watching the struggle.

A goal was scored, and a vigorous cheer went up from the two young spectators. "Bravo! Bravo!" they cried, whilst Princess Victoria contented herself with gentle applause as she clapped her hands again and again.

club was also instructed to consider the plan proposed by Charles E. Cutter to organize citizens of Tacoma into an association auxiliary to the Boosters' native of each state forming a separate organization. These associations will be used as the medium by which advertising matter and circular letters concerning Tacoma will be distributed to the people living in the states represented by the several auxiliaries.

The committee to take charge of the problem of raising \$100,000 for advertising purposes consisted of Z. H. Dickinson, J. E. Manley, L. J. Pattullo, William H. Miller and Charles E. Cutter. Washington's New Law.

More than \$150,000 will be expended yearly by the various counties in Washington to advertise the resources of the state under provisions of State Senator Rand's bill, to be enacted at the present session of the Legislature, empowering boards of county commissioners to levy a special tax and appropriate money annually. The levy is to be assessed at a mill on the dollar upon the assessable property in the counties as shown by the assessment rolls, and it is provided that the money may be expended by the com-

missioners under their own supervision or by the direction of commissioners, of part or all of the money may be placed with the Boards of Trade or commercial clubs to be used solely for publicity purposes, but none of it shall be used to pay salaries.

practically identical with that in force last year.

As heretofore, the vessels of the Alaska S. S. Company will continue to carry all the freight which comes over the Great Northern and the Northern Pacific lines with the exception of the curio lot for the Great Northern which are brought by ferry from the Fraser river to Sidney. The freight traffic is already promising between Vancouver and Seattle and the experience of previous years on the Victoria-Seattle run shows that the space of the Alaska S. S. Company's vessels will be fully taxed.

MANY SHRINERS VISITING HERE

GEORGE PERDUE HAS RETURNED TO CITY

He Tells of Gathering at Los Angeles and Incidents Connected With It.

Geo. Perdue, member of the city detective force, has returned from Los Angeles, where he attended the splendid gathering of the temples of the Shriners. Delegates were present from the Western States, from Mexico, Honolulu, Canada and other places. There were 376 delegates from the various temples. In all 40,000 Shriners were present, forming the most imposing gathering of the kind ever seen in the world, representing as they did the wealth, chivalry and intelligence of the best people of the continent.

Los Angeles out-did her proverbial hospitality in the endeavor to do justice to the occasion. The Masonic bodies of the city had prepared their own special welcome to the visitors. The city spent \$250,000 in entertaining the guests, and private individuals vied with the corporation and the Masons themselves in adding to the unsurpassed splendor of the decorations. Each minute of six days was replete with entertainment. Trips were made to Pasadena, Oakland, Long Beach and the Cataline Islands. Everyone who possessed a carriage or an automobile placed it at the disposal of the guests. Thus were they enabled without cost to see the vineyard and olive groves of the city and surrounding country.

Mr. Perdue described the trip to the Cataline Islands as an epoch making time in the life of those who took it. Looking through the glass bottoms of the boats they were able to see at a depth of five or six fathoms the wonderful verdure of the sea and the orange of the sea's verdure intermingled with the brilliant hues of the wonderful shell fish which swam among its branches. He thinks that some more in this direction should be made in Victoria and that if there is aught in the way of marine gardens in this vicinity they would prove the greatest possible advertisement for the city.

The parade of the Shriners was on a level with the triumphal entry of a returned prosconsul in the days of ancient Rome. Over 100,000 people were in line. The Texas contingent were in horsecar. The Mexican Temples were there with their native guards. The Honolulu contingent was present with its narrow patrol. The Eastern States were represented by their patrols. Each contingent had its own band. In connection with this was the electrical parade, which witnessed all such exhibitions ever witnessed. On Friday evening took place the floral parade, which was also a never-to-be-forgotten sight.

Detective Perdue was in the first section of the train and just escaped by about twenty minutes, the wreck in which so many of the Shriners lost their lives. He reports that the majority of those killed were in the dining car. The cause of the wreck has never been ascertained, although it is the opinion of those who were in the wreck that something was wrong with the tender and this dragged the engine with it as it left the track at the switch. Had it not been for this unfortunate occurrence practically all the Shriners would have returned to Victoria. During the week, however, scores of Shriners and their families were in the city of the coast and being anxious to see it. The wreck, however, scared them and many of them returned home by other routes. The rest separated and in small companies, are visiting points of interest. Many of them will eventually reach Victoria. The largest single contingent to visit Victoria is expected to-morrow. It consists of the Reading and Brooklyn Shriners numbering about two hundred. Nineteen from Connecticut visited the city yesterday and left this morning. A number of the Shriners are now in town. Others are expected this afternoon.

There will be an official reception under the direction of Hilarious Potentate Armstrong at the dock tomorrow, when all members of the Glizch temple in the city are expected to attend. Afterwards the visitors will be entertained and shown the beauties of Victoria.

In this connection, Detective Perdue warns Victorians against over advertising, lest visitors should be disappointed here as they were in visiting California. He thinks also that the whole island should be advertised as well as the city itself.

The regular meeting of the Anti-Tuberculosis Society scheduled for Monday next has been unavoidably postponed for one week.

LT. Col. Hall, commanding the Fifth Regiment, will meet the secretaries of the Grants-Mess Company Association and Band on Wednesday next, May 22nd, to discuss arrangements for camp. O. C. companies will see that the secretaries are notified accordingly.

The official marks of the students from Victoria in first year work in McGill university have been received. E. Sprague passed in full with a total of 399 marks. F. Dinsdale headed the list with 225 marks, but has a condition in history which will necessitate his taking the September examination. Miss Dixon and Mr. Holmes likewise passed, subject to the September supplementals. These four, Principal Paul states, can go on with their second year work no matter what occurs at the fall examinations. Three others—Messrs. Eberts and McIntyre and Miss Moore—if successful in the fall may continue their second year work.

A gallon of water can be exactly contained in a receptacle 8 inches square and 7 1/2 inches deep. It weighs 10 lbs.

THE HIGH SCHOOL CADET CORPS BASKETBALL TEAM.

Reading from left to right the players are as follows:
Top row—H. Dickie (vice-president), A. Perry (president), G. Irving (manager).
Front row—D. Campbell (guard), N. Gowen (centre), J. Johnson (forward), B. Erb (forward), Brynjolfsson (guard).
The above photo-engraving is of the team which won the Thompson stationery cup by twice defeating the Vancouver players, this becoming inter-collegiate champions of the province. The team has also twice defeated the J. B. A. A. intermediate five as well as several other teams of the city. In view of the fact that three years ago there was no basketball team in the city, and that it is only within the last two years that the game has been at all engaged in by the students, credit is due to the school for coming to the front so rapidly. Great thanks are due to Col. Holmes, D.O.C., for so kindly allowing the boys the use of the drill hall for practising, as this was undoubtedly in a large measure responsible for their success.

BUSINESS TO COME BEFORE THE COUNCIL

Some of the Subjects Which Will Be Discussed at Meeting on Monday.

The council meeting Monday night will be of more than ordinary interest. A long report from the streets, bridges and sewers committee will be presented. This refers back to the council for further consideration the proposal to erect a cremating plant. It will be remembered that there were two proposals before the committee for the treating of the blocks. One of these called for a machine having two rotors, the other for only one rotor. It will also be remembered that when the pavement on Government street was laid, five years ago, some of the blocks were treated with carbolicum. These were lately examined by the city engineer and found to be in a fair state of preservation. This added to the difficulty of the committee in coming to a decision. The carbolicum treatment costs \$1.50 per square yard, while the cremating treatment costs \$1.32 per square yard. The difference in cost was one of some of the points of contention. Being unable to come to an agreement the committee decided to refer the matter back to the council without a recommendation.

The question of the James Bay flats filling will also come up for discussion. The committee have decided to recommend that the gravel for this purpose be taken from that portion of Spring Ridge bounded by Chambers street, North Pembroke street and Princess avenue. It is calculated that this will furnish about 15,000 yards, about 4,000 yards will be taken from the pits at the Old Man's Home, and more if it can be conveniently got.

The contract for a gasoline engine to operate the new concrete mixer which is daily expected, has been awarded to Hutchinson Bros. Ald. Rice has given notice that he will move for the opening of the Esquimalt road, where it crosses the property of the E. & N. railway. The committee in full reads as follows: "That the city engineer do notify the E. & N. Railway Company that he will on a date to be named by him remove the obstructing fence across the highway known as the old Esquimalt road, in continuation of Esquimalt street, and call upon the company to construct a level crossing and make the roadway in compliance with their statutory duty, and to perfect the level crossing by sufficient cuttings, embankments and that the company failing to comply with such requirements the city be instructed to take such legal action as may be advised."

Ald. Hanna's by-law to amend the revenue by-law, recently passed, will also come up.

The motion for a parks commission will come up for consideration, and Ald. Forsythe will recommend that such committee be appointed at once.

The streets committee will recommend that permanent sidewalks be constructed along the following streets: Cook street, east side, from Fairfield road to Oscar street; Chester street, both sides, from Fairfield road to Oscar street; Linden avenue, both sides, from Fairfield road to Oscar street; Oscar street, north side, from Cook street to Linden avenue; Douglas avenue, west side, from a point between north and south side of Market street to the northern boundary of lot No. 8, block 7, Work estate. The city assessor's report on Michigan, Meilani, Superior, Ormond, Parry and Grant streets will be given to the council.

REV. D. MACRAE.

To the Presbyterian church in Victoria has come the honor this year of St. Paul's, Victoria West, has before filled the office, having been the first moderator of the Synod of British Columbia and Alberta fifteen years ago.

THE HUNT FOR THE FUGITIVES

EXPERIENCES DURING SEARCH IN NORTH

Provincial Officer Wilkie in the City--

R. E. Loring Thinks Further Efforts Vain.

Provincial Officer Otway Wilkie arrived in Victoria last night after an unsuccessful search of nine months' duration for Simon Gun-a-Noot and Peter Hyemadjan, the two Indians who are wanted for the murders committed at Hazelton last year. No trace of the two fugitives was found and Mr. Wilkie believes that they either perished in the severe cold of the past winter or have fled to the wilds of the north in the hope of evading capture.

With four men, Constable Wilkie set out last August to search for the murderers in the interior. He had covered an immense area, in an endeavor to locate the runaways. The last, and only, reliable information concerning the Indians was that given by two prospectors, Dr. Rogers and Mr. McPhail, who were both interviewed by the search party. The two men, although partners, were working apart from each other in the Bear Lake district. The prospectors, Dr. Rogers and Mr. McPhail, were both interviewed by the search party. The two men, although partners, were working apart from each other in the Bear Lake district.

When asked for his opinion of the many rumors that have come south from time to time regarding the possible whereabouts of the two Indians, Mr. Wilkie said that there was no foundation for any of them. The search party, all men of experience, two of them well acquainted with the country, would have received any information that could be obtained, and it is his opinion that the runaways have made for the fastnesses of the northern forests or are dead from the severe cold of the winter.

The opinion of the old Indians is that the party could not have survived, while the younger Indians believe that they could have obtained enough moose to keep them where they were. Constable Wilkie was accompanied by Constable Munroe of Vancouver, two constables from Hazelton and one from Port Simpson. The Hazelton men have instructions to forward any information they receive about the fugitives, but until they have something definite to report Mr. Wilkie does not think it worth while to continue the search. It will be simply a waste of money and time," he says.

This opinion is also held by R. E. Loring, Indian agent at Hazelton, and in a letter to Supt. Hussey, of the provincial police, received to-day, he says that a continuation of the search is of no use. He says that Mr. Loring, who is fairly familiar with the country, says that Mr. Loring also expresses the belief that both Gun-a-Noot and Peter would never come back. Hazelton had not the former's father, who it will be remembered escaped from custody, advised them to keep the man and his family took provisions to the fugitives men, but Mr. Loring, in his dealing with the Indians, says that it is the consensus of opinion that a party of eight could not have lived through the severe cold.

Lightning may be recognized at a distance of two hundred miles when clouds among which it plays are at a high altitude, but thunder can seldom be heard at a greater distance than ten miles.

Austria-Hungary has no fewer than fifteen distinct races within her borders. In Austria itself are over 15,000,000 Germans and it is their hostility to Hungary that makes the situation so dangerous.

DIED.
LEMM—At St. Joseph's hospital, on the 17th inst., Frank Edward, the son of Irving Arthur and Harriet Jane Lemm, in his 20th year, a native of Toronto, Ont.

Funeral will take place from family residence, 27 Johnson street, Monday, May 20th, at 2 p.m.
Friends please accept this intimation.
VIGELUS—At residence, corner Blanchard and Pioneer streets, on the 18th inst., Andrew Vigelus, in his 63rd year.
Funeral from Hanna's parlors at 11 a.m., Monday, May 20th.
Friends will please accept this intimation.

LEARNMOUTH—At the residence of her son, James Wood, 127 North Park street, Grace Learnmouth, passed away on Friday morning, May 17th, 1907, in the 74th year of her age. She was a native of Denholm, Roxburghshire, Scotland.
Funeral Monday afternoon from the residence at 2 o'clock.

On one occasion the posse learned that Simon had gone to the headwaters of the Naas river, and the constables immediately set off for the place. They found no trace of their man, however, but another Indian reported that his canoe had been robbed and that three canoes and been taken from his hunting ground. It was then suggested that Simon might have headed for his own hunting grounds at the head of the Skeena, but a long and wearisome search proved that he had not visited it. The route taken during the main search was across the Indian lake, up the Driftwood river, and up the Bear lake. Afterwards the forks of the Skeena river were visited and the party proceeded to Fourth Cabin, thence up the Blackwater river, through the Naas waters, and afterwards to Clegharan, near the source of the Skeena.

The winter was the most severe on record and at times the temperature fell as low as 55 below. Progress was hampered by the lack of good trails and the necessity for packing all their belongings on their backs. Constable Wilkie, according to the idea, recently suggested, of sending mounted police to scour the country, as there is only one trail that follows the telegraph line, and this is only passable for horses during two months of the year. Once off the trail the country is very thickly wooded and mountainous.

When asked for his opinion of the many rumors that have come south from time to time regarding the possible whereabouts of the two Indians, Mr. Wilkie said that there was no foundation for any of them. The search party, all men of experience, two of them well acquainted with the country, would have received any information that could be obtained, and it is his opinion that the runaways have made for the fastnesses of the northern forests or are dead from the severe cold of the winter.

The opinion of the old Indians is that the party could not have survived, while the younger Indians believe that they could have obtained enough moose to keep them where they were. Constable Wilkie was accompanied by Constable Munroe of Vancouver, two constables from Hazelton and one from Port Simpson. The Hazelton men have instructions to forward any information they receive about the fugitives, but until they have something definite to report Mr. Wilkie does not think it worth while to continue the search. It will be simply a waste of money and time," he says.

This opinion is also held by R. E. Loring, Indian agent at Hazelton, and in a letter to Supt. Hussey, of the provincial police, received to-day, he says that a continuation of the search is of no use. He says that Mr. Loring, who is fairly familiar with the country, says that Mr. Loring also expresses the belief that both Gun-a-Noot and Peter would never come back. RELUCTANT TO SERVE ON JURY

SLOW PROGRESS OF
THE HAYWOOD CASE

Judge Wood Calls Attention of
County Prosecutor to Inter-
view With Harry Orchard

Boise, Idaho, May 17.—District Judge Wood, before the Haywood jury was brought into court to-day drew attention to the interview with Harry Orchard published in the morning news papers, which he said undoubtedly was calculated to influence the witnesses, and the jury.

Judge Wood directed the county prosecutor to investigate the interview of the facts connected with the Orchard interview, and to take such action as he found to be warranted.

Judge Wood announced that he had seen articles concerning the interview with the state's most important witness against the defendant. He declared the publications were highly improper, coming as they did during the empaneling of the jury.

"While they appear to the court as not precisely in contempt," continued Judge Wood, "they are nevertheless calculated to influence the jury."

Influence the Jury
In this case, something must be done to prevent a recurrence of this if we are ever to get a jury. The county prosecutor for defence and prosecution in the case, which to-day began its fifth day, much doubt as to the probability of securing a jury for several days.

The fact that eleven witnesses were excused at to-day's session in the effort to fill the one seat vacated by a pre-emptory challenge, and that it took two hours and a half to qualify one man for cause alone at the half day session yesterday, showed an increasing reluctance on the part of talesmen to serve.

Notwithstanding the fact that 57 talesmen are yet to be called by Sheriff Hodges, fear is expressed that this venture may be exhausted and another will have to be called.

Additional witnesses are arriving on every train. Two witnesses who are arrived yesterday are here in connection with the discovery of what is known as the Green fire, of "Petition dope," buried in old sawmill at Pocatello, and in connection with the confession which Steve Adams is said to have made.

Adams is said to have confessed that he went to Pocatello to blow up a sawmill of non-union men. In his confession he is alleged to have located the place where he

buried the explosive as the car failed to come through the town. After the confession was made Adams, with a party of officers, including the Governor of Idaho, travelled to Pocatello, excavated at the place where the explosive was said to have been buried. It was found that a farmer, who is one of the witnesses here, yesterday testified that his children, near the spot and that it exploded, seriously injuring the children.

In the confession Adams told of the hotel at Pocatello at which he registered. At first it was stated that this could not be verified, but another of the witnesses who came in yesterday was the

Proprietor of the Hotel which was destroyed, and who it is said has with him the old register showing that Adams did register at the hotel on the day he perished. It has been stated that Adams will be called as a witness by the defence, but now it is intimated that Adams may testify for the state.

The interview given by Orchard yesterday representatives of the Associated Press has caused the charge that Orchard was kept in concealment and that he was insane, or that his confession had been forced from him under duress or extracted by promises to be completely exploded by the statements and appearance of the man.

BODE'S GUM
BETTER
THAN A DOCTOR

COMMERCE COMMISSION.

Washington, D. C., May 17.—Two administrative rulings are announced to-day by Interstate commerce commission. In the first commission expresses the opinion that under the law a carrier or a person or corporation operating a railroad or other transportation line cannot, as a shipper over the lines of another carrier, be given any preference in the application of tariff rates on interstate shipments.

In other words, one carrier shipping its fuel, material or other supplies over the line of another carrier must pay the legal tariff rates applicable to the same commodity shipped by an individual. The commission suggests that there may be some instances in which the movement of needed fuel in which in order to keep trains or boats moving, such traffic could be given preference in movement without creating unjust discriminations.

The second ruling relates to the liability of shipper. "Instances occur," says the commission, "in which through error or oversight on the part of some agent or employee a shipment is billed to an erroneous destination or is carried by the commission is of the opinion that, in bonafide instances of this kind, carriers will return shipments to their proper destination, of course, without reimbursement or additional charges and may arrange for such movements of astray shipments on mutually satisfactory terms, posting and filing the tariff under which it will be done."

CAN A MAN LOVE MORE THAN ONCE?

A QUESTION ON WHICH HONEST
DIVERGENCE OF OPINION EX-
ISTS—AND ONE ON WHICH
EVERYBODY AGREES.

An eminent writer on the ethical question involved has said: "To be happy though re-married argues both adaptability and courage." Another authority says that most women can really and truly love two, three or four times with equal fervor, but that a man can only really love once. There are many cases cited to prove these facts, but opponents of the theory insist with equal readiness contra experiences. The writer knows of one man, whose wife died of consumption which developed from a slight cold, and who though a dense of duty to his family prompted him to re-marry, cannot break away from the old love of his earlier days. This man says he contracted consumption from his late wife, but learning of the wonderful merits of Psychine to cure throat and lung troubles, promptly restored to it, with the result that he is perfectly restored. He states he believes it would have saved his wife if she had used it. He says, "I have never known it but for the doctors. Now he puts his faith in Psychine and affirms that if he ever marries again his next wife will not die of throat or lung trouble, as he knows Psychine to be a positive cure."

"Therewith send my photo and testimonial for Psychine. I was given up for the past ten years. My sickness began first with catarrh of the bladder, then with consumption, night sweats, chills, wasting, loss of sleep, and stomach troubles. At all times I suffered. I suffered several years after this until I heard of Psychine and through it I was restored to perfect health which I have enjoyed for the past ten years. My sickness began first with catarrh of the bladder, then with consumption, night sweats, chills, wasting, loss of sleep, and stomach troubles. At all times I suffered. I suffered several years after this until I heard of Psychine and through it I was restored to perfect health which I have enjoyed for the past ten years. My sickness began first with catarrh of the bladder, then with consumption, night sweats, chills, wasting, loss of sleep, and stomach troubles. At all times I suffered. I suffered several years after this until I heard of Psychine and through it I was restored to perfect health which I have enjoyed for the past ten years. My sickness began first with catarrh of the bladder, then with consumption, night sweats, chills, wasting, loss of sleep, and stomach troubles. At all times I suffered. I suffered several years after this until I

OVER THE TEA TABLE

Mrs. A. G. Langley, of Vancouver, is visiting her father, Mr. Justice Walker, at Maplehurst.

A summer wedding to which society is already looking forward, is that of Miss Margaret Arbuckle and Mr. Bernard S. Helsternman, the well-known real estate man of Government street. The event will take place early in July.

Miss Gladys Perry is back from a week's trip to the upper country.

Mrs. Audain and her son Baby Dunsmuir have returned from a couple of weeks spent at Shewan Lake. Mrs. Audain will remain on at Government House until her mother returns.

Mr. and Mrs. J. W. Fairland of Vancouver, are staying at the Oak Bay hotel.

Mr. and Mrs. Lampman are now settled in their new house at Oak Bay.

Mr. Frank J. O'Reilly left during the week for England. He went by way of Seattle and the Northern Pacific.

Mrs. Cuppage remained at Oakdene until after Dr. and Mrs. Powell sailed, and then she returned to her home at Duncan. Mr. and Mrs. C. Mesher are now living at Oakdene.

The Belcher tennis court will be opened in a few days and tennis will commence in earnest for the season. Already a few games have been played on private courts, for example at the "Leasow" and "Highwood."

Mrs. Dudley Tait, her daughters, the Misses Ryan, will soon be here again unless their difficulty in getting a furnished house makes them go elsewhere. Last year Mrs. Dudley had Mr. C. M. Roberts' house for the summer but it is not available this year.

Miss Beatrice Holmes, of Duncan, is staying with Mrs. Mackay, Superior street.

The engagement was recently announced in Toronto of Mr. Charles Camille to Miss Evelyn Cecil Nordheimer. Mr. Camille, who was a couple of years ago accountant in the Bank of Commerce here, is now assistant manager of the main branch office of the Bank of Toronto. Miss Nordheimer's people are the well-known piano manufacturers.

Captain and Miss Freeman and Miss Margaret Little are expected back at once. They made a short stay in Winnipeg on the way west from Boston.

Miss Bomberton and Miss Ruse Pemberton will leave in about ten days for the Old Country.

Mrs. Charles Gamble, son of Mr. J. C. Gamble, is back from McGill, from which university he was recently graduated as an engineer. He will remain in Victoria.

Mrs. Victor Stanley, second daughter of Mr. and Mrs. C. E. Pooley, is visiting her parents. Mr. Stanley has recently been living in St. Petersburg, where her husband, Capt. Stanley, is naval attaché at the British Embassy.

Mrs. Charles A. Vernon will leave shortly for England to visit her daughter, Mrs. Blandy.

Mr. Charles J. Spratt is just back from England. He and Mrs. Spratt are now living in Carbery Gardens.

Mr. and Mrs. E. O. Schofield, who are away on their honeymoon, are at present in Boston.

Senator and Mrs. Riley have moved into their new house on Oak Bay avenue.

Mrs. Dunsmuir and her daughter will sail from England on the first inst.

Mr. Colley and Mr. A. Gillespie have gone north for the summer.

Miss Bryden has gone to Quebec.

Mrs. Bell left on Monday for Ottawa. In Vancouver her daughter joined her and proceeded east with her.

Mrs. R. E. Barclay of Westholme, is staying at Government House.

Mr. D. Smith, of Seattle, with his sister, Mrs. Muir and daughter of Du-luth, is visiting Mr. and Mrs. W. J. McRae, of Oak Bay avenue.

Mr. Robt. Clark, formerly attached to the local branch of the Royal Bank, but now located at Ladner, returned to that place last Wednesday evening after spending a fortnight's vacation at his home. On Tuesday evening last a number of his friends of the R. Y. P. U. of Calvary Baptist church, planned a pleasant surprise for him and spent a happy time with music, games, etc. Before departing, refreshments were served. Among those present were the Misses Sadie Galbraith, Alice Bishop, Margaret Freeman, Mabel Underhill, Pearl Thompson, Mabel Olsen, Louise Freeman, Jennie Kelly, Margaret Clark, Flora Crook, Nellie Freeman, Mattie Andrews, Mary Freeman, Mrs. W. Dunsmuir, R. Owens, R. Hughes, S. Patch, W. Russell, J. Dinsmore, E. Clark, H. McIntyre, A. Barber, R. Clark and E. Waites.

The engagement is announced of Miss Maude Done, daughter of Mr. and Mrs.

FROM OUR JESTER.

MARTIAL CONFIDENCES.

Wife—Don't you think I grow better looking as I grow older?
Hubby—Yes, and it's really too bad you can't live as long as they did in Bible times. You might then become a veritable beauty.

AN AGED EGG.

Mrs. Kidder—I wonder how Columbus made her egg stand on end?
Biddy—Easy. He shook it around until he had the chicken's feet in the big end of the egg, and then stood him on them.

WHY IT WAS BOILED.

Mrs. Outskirt—Is it really true that you boil the city water before using it?
Mr. Park Rowe—Yes, you see it's not quite thick enough to bake or fry.

Mr. Gatherem—I'm passionately fond of coin-collecting.
Miss Askit (trying to be agreeable)—Indeed? Have you the Latin quarter of Paris?

SHE WAS AT HIM ALL THE TIME.

Mrs. Nags—It pays in this world to keep right at one thing.
Nags—But it is awful to be the one thing.

President Roosevelt was on Friday presented with a solid gold fobbing chain conferred on him for life membership in the national association of professional baseball leagues, with the privilege of admission to all the games played by the clubs composing the association.

THE AMERICAN ADVERTISER.

"The more I see the more I advertise, and the more I advertise the more I sell," a smoking-car acquaintance explained a few days before I left New York.

He had come by the usual stages to talking about his business. Every man you meet casually in America seems to have two immediate desires: the first is to find out all about your business, the second is to tell you all about his own. So for the usual nothing in particular about his leather, President Roosevelt, the effect of railway development on real estate values in Long Island and New Jersey, and the English branch of the Atkins family—his wife, it appeared, was an Atkins—he asked me plump out what my business was anyway.

I told him, and my name, and some of my past life, and then he unfolded his own business. He was the proprietor of the famous "Three-cent" brand of little cigars, which I was acquainted with to say I was not acquainted with. He asked me if I had not been studying the advertisement, and I had to explain that I had not studied that particular advertisement.

The Development of an Idea.

"Then," said he, "it would be handing you a lemon to ask you to smoke one. If you have not read the advertisement, you won't catch on to the peculiar fragrance and exquisite aroma of the tobacco."

However, I expressed a curiosity to smoke one, and he politely gave me a sample. It was a little bit of a thin chip of a cigar, and it certainly had a taste of being at least partly composed of some kind of tobacco. It was just a cigarette-size cigar that could be made to sell profitably at three cents (for three halfpence) he explained. The commercial idea upon which he went into the business was that there would be an enormous market for something that could be called a cigar to sell at three cents—well-advertised. Having found this idea business he had previously been engaged in, hired a bright young fellow who knew the cigar-makers, and commenced operations, with the result that he had more than realized all his expectations of success.

By a careful selection of the cheaper kinds of leaf, and a generous reduction in the size of the article, he produced a cigar sufficiently cheap to sell at the price. "And then," said my friend, "it was up to me to find some body to smoke them." He had figured, he explained, that there were at least as many possible buyers of them as there were cigar makers, and he was President Roosevelt at the last election.

Blessings conferred.

He showed me one of his advertisements—a most alluring literary effort. It began by hammering at three cent theme. It demanded simply what "you" realized what it would mean to "you" if transport fares were reduced from five cents to three cents. It realized the beneficent, stimulating influence upon the national life of such transportation; how much time you would save, how much more business you would do, how much greater pleasure you would make in consequence of the price of five cent tramcar rides for the price of three. To realize this he would help your imagination to comprehend the still greater blessing that would be conferred upon the American halfpenny by reducing from two-pence to three-halfpence the cost of the exquisite luxury of a perfect cigar. It meant increasing by five cent the enjoyment, the happiness, the prosperity of every one of the fifteen million homes in the United States of America.

A good cigar, a really good cigar, it went on, was one of the kindest of Nature's gifts to man, one of the few luxuries that yielded exquisite enjoyment without inflicting suffering upon others or causing regret to oneself. Twenty years ago the enjoyment of this beneficent luxury was confined to the wealthy few. By his lavish expenditure upon the purchase of the most modern machinery and the acquisition of the most fertile plantations, the choicest leaves of the finest crops of the richest land in Cuba, having an exquisite flavor, a delicate bouquet, and the peculiar aroma which no other tobacco in the world possessed, were manufactured into these delightful "Three-cent" cigars. So when by the very perfection of cigars can be bought for three-halfpence, why pay two-pence-halfpenny for a lower-grade article?

I cannot remember the exact wording of the article, but that represents the general effect of it. When I had read it through, my friend handed me another "Three-cent" and I am bound to say that, with the advertisement fresh in my mind, it tasted very well. What in the first one—which, after a few puffs, I had unobtrusively let fall into the cuspidor—I had thought was a funny sort of story, I now recognized as "that peculiar aroma," while the sensation I had previously mistaken for nausea, I now knew for the pleasing signs of stimulated energies and soothed nerves.

Hypnotized By a Tailor.

An English friend of mine read a New York ready-made-tailor's advertisement, which told a convincing little story of a very profitable young fellow who was a little careless in his dress. That was his only failing. In his dress was a bank clerk, and a bank clerk who is careless of his appearance gets the reputation of being careless in his work. And since a bank cannot afford to get the reputation of employing careless clerks, the president was reluctantly forced to discontinue his service. So that, in consequence of not providing himself with a "correct dress for gentlemen," he was now wearing the unbecoming uniform of a street-car conductor. The advertisement went on to say that if you wanted to get on in life, you must dress better than the people you live with, and as well as the best people you meet. It also gave some interesting particulars about the high quality of the material, the artistic eminence of the army of cutters employed, and the wonderful system of ensuring a perfect fit.

My friend went off and paid twenty-

CONGO NEVER LEAK ROOFING

THESE MEDICAL FACTS

YOU CAN STUDY WITH PROFIT.

How few realize that twenty-five per cent. of all disease has its origin in some interference with the function of elimination.

The whole body exists by reason of the transference of fluids through its component parts.

Up to a certain point the body has power to object to destructive elements, but this power is limited.

When it happens that the body is loaded with wastes and poisons which it can't eliminate, fermentation, decay, and germ life run riot through the blood.

Serious illness is the result unless nature is assisted by a cleansing tonic like Dr. Hamilton's Pills, which are purely vegetable, contain no mercury, no bismuth, no injurious metallic ingredients of any kind.

Such a medicine is the greatest possible assurance to every man and woman of health, spirits, and contentment. Grand results are achieved, and famous cures made every day by Dr. Hamilton's Pills.

From a letter from Miss E. L. Hamilton, writes: "In praise of Dr. Hamilton's Pills, I must say that I have used them with grand success for three years. They have failed to cure me of indigestion or constipation. Formerly my face was full of pimples, but now my complexion is clear and ruddy. I am more than I care to mention have Dr. Hamilton's Pills helped me; they would be good for every woman to use."

Insist on having only Dr. Hamilton's Pills. Etc., per box or five boxes for \$1.00 at all dealers, or by mail from N. C. Poulson & Co., Hartford, Conn.; U. S. A. or Kingston, Ont.

The Wife—Yes, and especially your own.

King Leopold of Belgium is reckoned as the richest man in Europe, so far as real estate is concerned.

THE TIMES' FASHION HINT.

GOWN OF SILK MATERIAL.

Cape or any of the soft silks or voiles would be charming made up as in the illustration, the model showing the new "kimonos" sleeve. The thin yoke and underleeves were of Chantilly lace in the model, which was of crepe. Flavored ribbon was used about the yoke, forming a band, the ribbon being tied in bows at the top of the girde. Heavy lace bands formed the girde and edged the sleeves.

FINAL VOYAGE TO ORIENT.

With her last voyage on the Oriental
run completed, the steamship Hyades,
of the Boston Steamship Company's fleet,
arrived in Seattle on Thursday and pro-
ceeded to the Moran Company's plant to
undergo an overhauling. Upon completion
of repairs the vessel will proceed to
Portland to take a cargo of oranges for San
Francisco, returning on the same date.
The Hyades has been engaged in the trade
to the Far East for several years and was
withdrawn from the run on account of
the failure of the ship subsidy bill at the
last session of congress, according to offi-
cials of the company.

YANKEE DISCHARGING.

The steamer Yankeez, of the Blue Fun-
nel line, is still engaged in discharging her
cargo at the outer wharf. She is also
loading with a miscellaneous cargo from
this port for the Old Country, and among
this is over 100 barrels of whale oil,
which is consigned to the refineries at
Chagow. The Yankeez will get away
from this port for Vancouver early to-
morrow morning.

PRINCESS MAY IN PORT.

Coming from the North the steamer
Princess May, Captain McLeod, arrived
in port yesterday. She had an uneventful
voyage and brought 48 passengers south,
all of whom were landed at Vancouver.
The steamer Mount Royal, of the Hud-
son's Bay Company, connected with the
Princess at Port Esquimaux, and many
passengers transhipped to the former
vessel.
Work is being again renewed at Prince
Rupert, and the Princess May when
northward bound landed 18 workmen at
this port. Building operations are in
course of progress there, and the Grand
Trunk Pacific terminus promises to be a
busy centre during the summer months.
Turner & Beaton's wharf, situated at
loading 150 tons of general merchandise,
which is consigned to Wrangell. She has
further 25 tons to load at the C. P. R.
wharf, and when she goes North again
to-night she will carry the heaviest ship-
ment of the season from this port.

MARINE NOTES.

It is thought that the steamer Princess
Royal, now being completed at the works
of the B. C. Marine Railway Company,
will be ready to make her first sailing on
the 4th of July. She will ply between
Vancouver and Skagway.
Last night at 8 o'clock the steamer
Princess Victoria proceeded from the C.

P. R. wharf to Esquimaux, where she has
been hauled out on the ways to be cleaned
and painted preparatory to going on the
triangular run on Tuesday next.

The six-masted barkentine Everett G.
Griggs, which was once the British ship
Lord Wolsley, and later the German
ship Columbia, is now at Chemainus load-
ing lumber for Antofagasta.

When en route from Van Andia to Gib-
son's Landing, a few days ago, the steam-
er Comox, snapped a blade off her pro-
peller. The steamer was beached at
Moodyville and the damage repaired.

The British steamer Wilkesdon arrived
off the outer wharf this morning and an-
chored in the stream. She is operated by
the Watt Company of Liverpool.

The steamer Otter, now loading ma-
chinery for the whaling station at Sarrow
cut in the strait, will leave port to-night on her
way to Kyushu Sound.

Coming from Nanaimo and way ports
on the east coast of the island, the C. P.
R. steamer City of Nanaimo arrived in
port late last night.

A moderate southerly wind is blow-
ing off the entrance to the Straits of
Juan de Fuca to-day. The sea is com-
paratively smooth.

Carrying the overseas mail, the R. M.
S. Empress of India sailed from Yoko-
hama for this port yesterday afternoon at
3:30 p. m.

The steamer Venture, of the Bosworth
Steamship Company, left Vancouver last
night on her way to the North.

On her way to Victoria the Canadian
Australian liner Aorangi sailed from
Brisbane on Wednesday.

The British ship Heston is about due
in these waters on her way from Liver-
pool to this port.

The steamer Amur sailed
from Vancouver for the North.

MANDOLIN CLUB CONCERT.

An Excellent Programme Has Been
Arranged for Musical Treat
on Tuesday.

The third annual concert of the popu-
lar Margherita Mandolin Club will
take place in the Institute hall on
Tuesday evening next, commencing at
half-past eight. Professor E. Claudio
programme having been arranged, a
splendid evening's entertainment is as-
sured. The following vocalists and in-
strumentalists have promised to assist
the club: Miss Jennie Bishop, H. Grif-
fith and Arthur Gore, vocalists; Miss
Booker, violinist, accompanist, Miss
Henry Young.

One of the most pleasing features of
the evening will be a trio by Mrs.
Young, Professor Claudio and Bert
Kootie. The proceeds of the concert
will be devoted to the furtherance of
the W. P. K. being done by the Develop-
ment and Tourist Association, and a
large attendance is hoped for. Tickets
can be obtained at the association's
rooms, or at Watt's music store. The
full programme will be published in
Monday's Times.

The new arrivals in Silver-mounted
Oak-ware make a pleasing showing in
the Silverware department.

The assortment comprises many ac-
ceptable styles in Blacuit Barrels, But-
ter Dishes, Salad Bowls and Servers,
Liquor Frames, etc.

BUTTER DISHES, at each, \$1.00 up
BISCUIT BARRELS, at each, \$2.00 up
SALAD BOWLS, at each, \$7.50 up
LIQUOR FRAMES, at each, \$7.00 up

OLD CHUM
VICTORIA FLAVOR
SMOKING TOBACCO

Everybody Smokes Old Chum.

Ready for 24th

ARE YOU PREPARED to receive your out-of-town friends next
week? The Holiday is almost here, and if you are not, you have
but little time to make ready.

How is your supply of Tableware? Aren't there some pieces of
Silverware that you need to complete your table? Wouldn't you like
a new Buffet, a Table or some Chairs? A new Rug or some new Cur-
tains would brighten things a little.

Whatever your needs may be, remember that the best place to
satisfactorily supply your wants is at this store. It is our business, and
our only business. Our undivided attention is given to the satisfactory

furnishing of homes.
Customers may rely
upon getting depend-
able merchandise here,
because that is the only
sort we sell. The ser-
vice of men of many
years of experience in
home furnishing
means much to you,
also.
